## Purpose and Description

Briefly describe the purpose of this plan (Select from Schoolwide Program, Comprehensive Support and Improvement, Targeted Support and Improvement, or Additional Targeted Support and Improvement)

Schoolwide Program  
Additional Targeted Support and Improvement

Briefly describe the school's plan for effectively meeting the ESSA requirements in alignment with the Local Control and Accountability Plan and other federal, state, and local programs.

This School Plan is aligned with the District's Local Control and Accountability Plan through collaboration with the District in examining state and local data as part of a comprehensive needs assessment; developing goals, measurable outcomes, and strategies, actions and services that are aligned with those of the district; providing supplemental services that support improved performance for high-needs students; and developing a system for monitoring and evaluating the efficacy of the plan in achieving its goals.

## 2020-23 Plan Summary

### The Story

Describe the students and community and how the school serves them.

Amelia Earhart Elementary School of International Studies located in Indio opened on September 4, 2001. Amelia Earhart School of International Studies serves the socioeconomically and ethnically diverse populations in grades TK-5. The school's fall 2022-2023 student enrollment was 782, 65.6% are of Hispanic descent, 23.5% are white, .06% are African American, and 1.9% are Asian. Spanish is the home language of the school's nearly 12.3% of English Learners. 2.3% Initial Fluent English Proficient and 2.6% of students Reclassified Fluent English Proficient. The school's

unduplicated pupil percentage is 64.2%, 60.1% is from low income families, eligible for free and reduced priced meals, .0.5% foster youth and 8.4% are students with Individualized Education Plans (IEPs). Earhart received the 2022 CA PBIS Coalition's System of Recognition award at the Gold level. In 2020, we received the Bronze award. Earhart has also been recognized as a California Distinguished School in 2008 and received the Bronze award from the Healthy Schools Program. We have also received the 2020-2022 Common Sense award. Earhart became an authorized International Baccalaureate (IB) World School in February of 2005 which was funded and supported by the Magnet School Assistance Grant from 2001-2003. As an IB Primary Years Programme school, students benefit by receiving California standards based instruction through the lens of inquiry and global awareness. We model international perspective through rigorous and relevant learning. Each grade has written four to six units of inquiry based on the transdisciplinary themes from the International Baccalaureate Organization: Who We Are, Where We Are in Place and Time, How We Express Ourselves, How the World Works, How We Organize Ourselves and How We Share the Planet. Portfolios of student work are kept from Kindergarten to 5th grade, and at the end of 5th grade, the students complete a personal project or Exhibition, going in depth into a subject of their choice. To augment our instructional program, Earhart offers many enrichment opportunities available from the Extended Learning Opportunity Program. We offer a variety of before and after school activities such as cheer, intramural sports, and clubs (gardening, multi-media, etc.). Students in grades 2-5 receive weekly instruction in Spanish language. In addition, all students receive added benefits in music once a week. Our Physical Education program also boasts health and wellness led by one certificated physical education teacher and a para educator PE/student activities.

## SPSA Highlights

Identify and briefly summarize the key features of this year's SPSA.

Earhart's SPSA highlights in 2022-2023 school year focused on our IB PYP instructional practices, student achievement and the social/emotional learning of students. Our IBO PYP five year evaluation was scheduled in the Spring of 2023. This required extensive preparation reviewing IB policies, exhibition, programs of inquiry, standards and practices. Through professional development, reflecting on grade level IB planners, reviewing best instructional practices and setting academic SMART goals, the staff continuously reflected and made improvements to meet the diverse needs of students. Our MTSS team devoted time and expertise to increasing and improving the needs of students in Tier 2 for their social and emotional developmental of the students. Morning announcement videos continued to address school wide behavior expectations (EXCEL), growth and progress on i-Ready, the IB Primary Years curriculum and social emotional learning. We increased our intervention in grades K-5. In addition, we continued Phonics for Reading, Read Naturally, Imagine Learning, Quick Phonic Assessment and FEV tutoring.

Awards we received are the following:  
CA PBIS Coalition Gold Implementation Award  
CA Pivotal Practice Award  
Common Sense School

Additionally, the actions and strategies within our SPSA support the needs for student groups, specifically English Learners, socioeconomically disadvantaged, and students who need support emotionally and socially.

Data analysis remains our focus through a systematic approach to formative assessments within grade levels, i-Ready data, and through the Multi-Tiered System of Supports (MTSS).

Expected outcomes for all I-Ready Diagnostic 2 Typical Growth scores exceeded projections. In ELA, the outcomes of student groups on typical growth are aligning as was previously happening prior to the pandemic. For Math, the outcomes of student groups on typical growth aligned. We met our SPSA i-Ready goal. We did not meet our Mean Distance from Standard in ELA or Math on CAASPP. In ELA, our status was -1.4 and in Math it was -19.2.

Keeping parents informed of their child's progress, on-going events and activities continues to be a priority to our staff. Parents are encouraged to engage in their students' learning through an active English Language Advisory Committee, School Site Council, and PTO.

According to Panorama's 2023 Parent Satisfaction Survey Results within the Family School Relationships Survey, two areas increased favorably and three areas decreased. 84% of parents answered their child has positive perception of their physical and psychological safety at school. 80% of parents feel that their child's perception of the overall social and learning climate of school has increased by 2% from 78%-80%. On the Winter 2023 Skills and Competencies

Panorama Survey given to students in grades 3-5, all areas increased by 1-3 and one remained the same (self management 1, social awareness 1, grit 0, growth mindset 3 and self efficacy 1).

## Needs Assessment -- Review of Performance

Based on a review of performance on the state indicators and local performance indicators included in the California School Dashboard, progress toward SPSA goals, local self-assessment tools, stakeholder input, or other information, what progress is the school proudest of, and how does the school plan to maintain or build upon that success? This may include identifying any specific examples of how past increases or improvements in services for student groups, including low-income students, English learners, homeless youth, and foster youth have led to improved performance for these students.

## Greatest Progress

Based on a review of performance on the state indicators and local performance indicators included in the California School Dashboard, progress toward SPSA goals, local self-assessment tools, stakeholder input, or other information, of what progress is the school proudest, and how does the school plan to maintain or build upon that success? This may include identifying any specific examples of how past increases or improvements in services for student groups, including low-income students, English learners, homeless youth, and foster youth have led to improved performance for these students

Mean Distance from Standard in ELA:

1. All: 1.4
2. EL: -32.2
3. SED: -11.6
4. SWD: -46.8
5. Asian:
6. Hispanic: -7.2
7. White: 12.3
8. Two/more:

Typical Growth median targets for Winter i-Ready Reading 2023

All: 75%  
EL: 67%  
SWD: 74%  
Hispanic: 66.5%

Mean Distance from Standard in Math:

1. ALL: -19.2
2. EL: -38.9
3. SED: -30.3
4. SWD: -68.3
5. Asian:
6. Hispanic: -25.1
7. White: -5.1
8. Two/more:

Typical Growth median targets for Winter i-Ready Math 2023

All: 62%  
EL: 64%  
SWD: 64.5%  
Hispanic: 63%

Since we did not have CAASPP scores for the 2020-2021 school year, these scores reflect a current baseline for future CAASPP evaluation.

Expected outcomes for all I-Ready Diagnostic 2 Typical Growth scores exceeded projections. In ELA, the outcomes of student groups on typical growth are aligning as was previously happening prior to the pandemic. For Math, the outcomes of student groups on typical growth aligned.

Our attention to the social and emotional wellness of students is evident in our MTSS Tier 1, 2 and 3 team meetings, school wide systems, organization of the process, looking at data (RFA) and behavior plans. Our new MTSS lead applied for the Platinum PBIS award in May 2023 since we have received the Bronze, Silver and Gold award in the last few years.

Attendance improved since distance learning but is still a concern due to positive Covid cases. Administration and our attendance facilitator meet regularly to discuss student absences and to assist as needed. Additionally, attendance is discussed at the School Site Council and parent of English Learner meetings.

## Greatest Needs

Referring to the California School Dashboard, identify any state indicator or local performance indicator for which overall performance was in the “Red” or “Orange” performance category. Additionally, identify any areas that the school has determined need significant improvement based on review of state indicators, local performance indicators or other local indicators. What steps is the school planning to take to address these areas with the greatest need for improvement?

Attention to our student groups(English Learners, Students with disabilities and Hispanic) is a priority. Intervention continues to be the biggest area of need for at-risk students. To address these areas of concern, measures were put in place to address the individual needs of students. For example, three intervention specialists in math and ELA provided support to meet the needs of students through small group instruction. We utilized the district materials called Phonics for Readers for grades 3-5. Our Specialized Academic Instruction staff pushed into the classroom. Specialized Academic Instruction staff are those teachers who work with students with disabilities.

We will continue to provide academic support to all students in order to make incremental gains toward growth and improvement. We continue to look at formative assessments throughout the year to monitor and adjust instruction. We will do this through data days, IB reflection release days and our SAST days in which we review our goals.

According to the Spring 2023 Panorama Survey, the area of "Grit" decreased from 66% to 58% where students feel less able to persevere through setbacks to achieve long term goals.

With respect to LCAP Goal 2, we will continue to promote college and career in ways that will interest students at this young age through assemblies, stickers, and experts in the workplace. We would like to see people in the work force share their expertise to our students through assemblies and classroom presentations.

School-wide expectations continue to be reviewed to mitigate the chances of peer conflict or discipline issues. Because of our commitment to IB, every classroom has “essential agreements” that are authentic and designed by students to promote a positive and respectful learning environment. In addition, we provide a Para Educator PE during lunch recess to promote social skills.

## Performance Gaps

Referring to the California School Dashboard, identify any state indicator for which performance for any student group was two or more performance levels below the “all student” performance. Additionally, identify any areas in which the school has determined there are significant performance gaps based on review of local performance indicators or other local indicators. What steps is the school planning to take to address these performance gaps?

Amelia Earhart School of International Studies strives to ensure equity for all students by closing achievement gaps between student groups and all students as required by LCAP Goal 1. Attention to students groups, English Learners, Hispanic and students with disabilities, is an area to improve.

We have and will continue to review formative assessments to drive instruction as well as continue to provide small group intervention before and during school. Steps that we have taken to address these individual needs are the following: ELPAC preparation, Smart goals, analysis of data using common assessments, vertical articulation and grade level commitments to goals.

## Resource Inequities

Briefly identify and describe any resource inequities identified as a result of the required needs assessment, as applicable.

Prior to Covid, Earhart mitigated the learning loss between our EL and Hispanic students groups with our all student group population. After Covid these student groups had a large academic achievement gap in both ELA and Math. Proudly, our i-ready scores show an improvement with the gap being minimized at the winter and end of year i-Ready diagnostic. For example, \_\_\_\_\_ our end of year results show an improvement of 20 % from 32 to 52 with th eall student group being at 60. We will continue to emphasize mitigating the gap between all student groups.

# Need Assessment - Educational Partner Involvement

SPSA Year: **2023-24**

## Involvement Process for the SPSA and Annual Evaluation

How, when, and with whom did the school consult as part of the planning process for this SPSA development, evaluation, and analysis? (e.g., SSC and/or ELAC elections, trainings, meeting dates, etc., aligned to agendas and minutes)

The evaluation and planning process for the SPSA development, evaluation and analysis are reviewed by administration, Leadership Team and School Site Council on a regular basis, School Site Council meetings, ELAC and SAST (Wednesday).

### Impact on the SPSA and Annual Evaluation

Within LCAP Goal 1 and LCAP Goal 3, school site council, leadership team and additional staff identified the following recommendations for the upcoming year:

Continue having intervention specialists in Math and Language Arts

Continue professional development

Pursure PBIS incentive program

## **Impact on the SPSA and the Annual Evaluation**

How did these consultations impact the SPSA for the upcoming year?

Within LCAP Goal 1 and LCAP Goal 3, school site council, TRAC, leadership team and additional staff identified the following recommendations for the upcoming year:

- Continue having intervention specialists in Math and Language Arts
- Continue professional development
- Pursure PBIS incentive program

# Budget Summary

Complete the table below. Schools may include additional information. Adjust the table as needed. The Budget Summary is required for schools funded through the Consolidated Application (ConApp), and/or that receive funds from the LEA for Comprehensive Support and Improvement (CSI). Schools may include additional information or more detail, including graphics that are accessible to readers with disabilities.

Description	Amount
Total Title I Funds:	\$67,790
Total Centralized Services:	\$111,290
Total Supplemental Concentration Funds	\$127,611
Total Funds Budgeted for Strategies to Meet the Goals in the SPSA	\$195,401.00

## Supplemental Services

Identify each action or service for which the school will use federal categorical funds to provide supplemental services for eligible, at-risk students, including low-income students, English learners, homeless youth, foster youth, and others, as identified.

The school will use funds to pay for the following actions needed for continuous improvement:

- At risk students will receive instructional support through additional intervention.
- Materials/Supplies and graphics to ensure a standards based instruction.
- Professional development as needed for SEL and best first instruction.

The school will use Title I funds to pay for parenting classes to promote literacy as a family.

2. Schoolwide, in i-ReadyFor Math, the outcomes of student groups on typical growth aligned.

## Student Population

For the past two years, many state and federal accountability requirements were waived or adjusted due to the impact of the COVID-19 pandemic on LEAs, schools, and students. Beginning with the 2021-22 school year, the requirements to hold schools and districts accountable for student outcomes has returned with the release of the 2022 California School Dashboard (Dashboard). The Every Student Succeeds Act is requiring all states to determine schools eligible for support. Similarly, under state law, Assembly Bill (AB) 130, which was signed into law in 2021, mandates the return of the Dashboard using only current year performance data to determine LEAs for support. Therefore, to meet this state requirement, only the 2021-22 school year data will be reported on the 2022 Dashboard for state indicators. (Data for Change [or the difference from prior year] and performance colors will not be reported.)

This section provides information about the school's student population.

2021-22 Student Population

**Conclusions based on this data:**

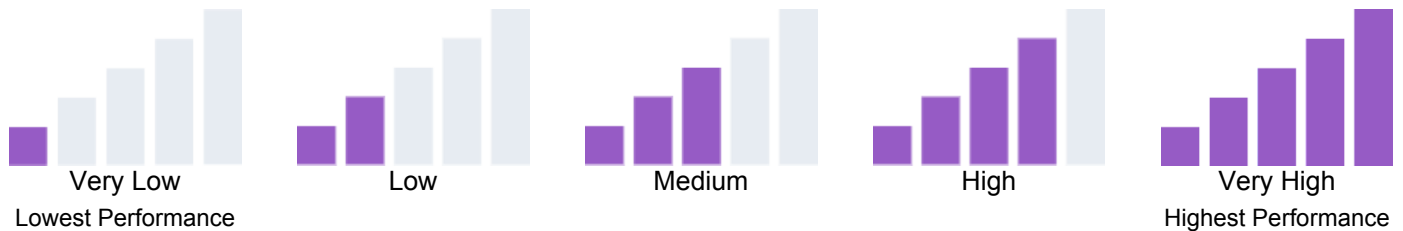

1. Student groups such as English Learners, Hispanics and students with disabilities continue to be a focus to minimize the gap from all students.

## Overall Performance

Due to the COVID-19 pandemic, state law allows the 2022 Dashboard to only display the most current year of data (also known as Status). For this year only, performance levels will be reported using one of five Status levels (ranging from Very High, High, Medium, Low, and Very Low) for state measures. Please note that the Status levels associated with the Chronic Absenteeism and Suspension Rate Indicators are reversed (ranging from Very Low, Low, Medium, High, and Very High). Information regarding this year's Dashboard data is available within the [Dashboard Communications Toolkit](#).

Because performance on state measures is based on current year (i.e., 2021-22) results only for the 2022 Dashboard, the color dials have been replaced with one of five Status levels (ranging from Very High, High, Medium, Low, and Very Low).

### 2022 Fall Dashboard Overall Performance for All Students

#### Conclusions based on this data:

1. English language arts and Math, our status level is medium. In English Learner P
2. In math, we have seen significant improvement because of our focus with instruction, goals and vertical alignment.

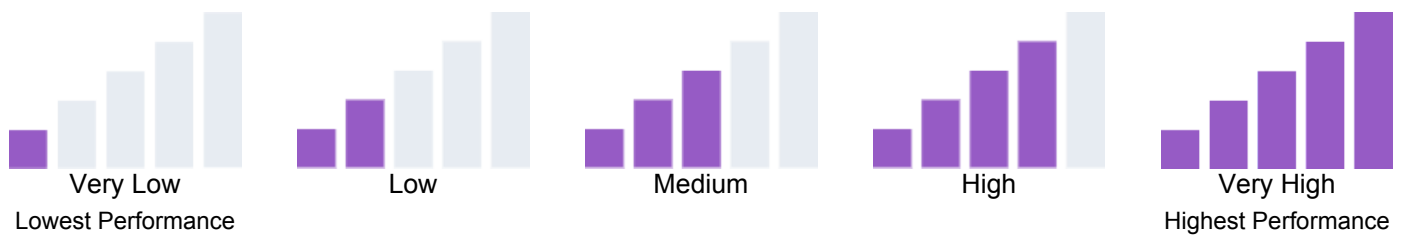

3. In English language arts, we maintained in the green academic performance category; however, we had a slight decrease. Given that CAASPP was not administered during 19-20 nor 20-21, the school uses local data like i-Ready to inform instructional decisions. Since March of 2020, the chronic absenteeism rate has risen significantly while the suspension rate has declined to almost 0%.

## Evaluation

Complete a copy of the following table for each of the school's goals from the prior year SPSA. Duplicate the table as needed. Use actual annual measurable outcome data, including performance data from the California School Dashboard, as applicable.

Describe your evaluation of the level of implementation of each action/service to achieve the articulated goal.

The level of implementation for each action and service to achieve Goal 1 was executed in a timely and reasonable manner to ensure that instruction supported the diverse needs of students. We continued to focus on intervention to mitigate learning loss and to improve student achievement of English Learners and at-risk students. Collecting data and progress monitoring continued to be a focus area to meet the diverse needs of all students. Professional development focused on our PYP program five year evaluation and curriculum development to align instructional best practices. There were no parent volunteers to attend CABE; however, we increased parent participation at our ELAC meetings from 3 participants to 14.

Describe your evaluation of the effectiveness (Did it work?) of each action/service to achieve the articulated goal as measured by the school.

We completed all actions and services which were effective in minimizing the learning loss of students in instruction for students through small group instruction, integrity to lessons and time on task in i-Ready as well as, intervention during the day and after school. Teachers benefitted from the professional development opportunities. Within grade levels, staff sharing results and progress of Smart Goals during SAST and instructional Coaches monitoring i-Ready data, individualized student support became more prominent. In addition, our IB Instructional Coach worked alongside the staff to revise and update planners due to the new PYP enhancements. This included teacher collaboration to analyze data and create common formative assessments and rubrics to meet students needs. The intervention specialists focused on literacy skills using district adopted materials. In ELA, the outcomes of student groups on typical growth are aligning as was previously happening prior to the pandemic. For Math, the outcomes of student groups on typical growth aligned. Approximately 26% of students are receiving reading and math interventions. This includes 40% of our English Language Learners.

Explain material differences between Budgeted Expenditures for Categorical Funds and Estimated Actual Expenditures.

All items except parents attending CABE within the budgeted expenditures were completed. We spent less funds on materials for Makerspace because funding became available through another source, ELOP. In addition, professional development increased to include more staff to expand training opportunities. We continued to provide as much intervention as funding permitted to mitigate the learning loss. Overall, the action and services were completed because of the need to meet the diverse needs of students. Our graphic services and professional development costs increased, too.

Based on this evaluation, an analysis of the California School Dashboard, and the school's needs assessment, describe any changes made to this goal, to the expected outcomes, the metrics, or the actions and services to achieve this goal. Identify where those changes can be found in the SPSA.

We do not see any changes needed for Goal 1 as it relates to the actions and services. English Learners and at risk students continue to be a focus for the school indicating a need for intervention.

## Evaluation

Complete a copy of the following table for each of the school's goals from the prior year SPSA. Duplicate the table as needed. Use actual annual measurable outcome data, including performance data from the California School Dashboard, as applicable.

Describe your evaluation of the level of implementation of each action/service to achieve the articulated goal.

The implementation of our college day was once again a huge success as stated by students, staff and parents. The Request for Assistance form continues to identify which students need counseling or academic support. It has also informed the Tier 2 team with what kind of lessons the counselor needs to provide to classrooms, as well as, guides the assistant principal on what needs to be reviewed and communicated to students through videos for appropriate school and classroom behavior. The counselor aligned her lessons with the IB planners and approaches to learning in addition to any identified areas of classroom needs as it relates to social, emotional learning.

Describe your evaluation of the effectiveness (Did it work?) of each action/service to achieve the articulated goal as measured by the school.

Overall, all of our services and actions were highly effective this year. As part of our Tier 2 team implementation, we are looking how we can best assist and meet the individual needs of students by analyzing and targeting data through these student groups i.e. at risk, SES, English Learners and students with disabilities.

Explain material differences between Budgeted Expenditures for Categorical Funds and Estimated Actual Expenditures.

There are no minor material differences in budgeted or estimated actual expenditures due to expanded training opportunities for staff and the support of another funding source, ELOP.

Based on this evaluation, an analysis of the California School Dashboard, and the school's needs assessment, describe any changes made to this goal, to the expected outcomes, the metrics, or the actions and services to achieve this goal. Identify where those changes can be found in the SPSA.

The staff feels we should offer more college and career opportunities by bringing professionals to the school sharing their expertise and work related experiences. We think there is also a need for assemblies to assist communicating messages that motivate and promote buy in, such as growth mindset in a social and fun environment.

## Evaluation

Complete a copy of the following table for each of the school's goals from the prior year SPSA. Duplicate the table as needed. Use actual annual measurable outcome data, including performance data from the California School Dashboard, as applicable.

Describe your evaluation of the level of implementation of each action/service to achieve the articulated goal.

According to DSUSD data warehouse, our all student suspension rate increased from .9 to 1.1. The student groups show an increase in EL, Hispanic and two or more races. There was a decrease in three student groups which are students with disabilities, Asian and white. In addition, according to DSUSD data warehouse, our chronic absenteeism decreased from 33.1% to 25.6. Having a full time counselor, para PE, ELOP and a security agent continues to promote a positive and safe school climate.

Describe your evaluation of the effectiveness (Did it work?) of each action/service to achieve the articulated goal as measured by the school.

Our planned actions and services were effective as we decreased our chronic absenteeism rate and we decreased our historically high Asian and students with disabilities in suspension.

Explain material differences between Budgeted Expenditures for Categorical Funds and Estimated Actual Expenditures.

There were no discrepancies between budgeted and actual expenditures.

Based on this evaluation, an analysis of the California School Dashboard, and the school's needs assessment, describe any changes made to this goal, to the expected outcomes, the metrics, or the actions and services to achieve this goal. Identify where those changes can be found in the SPSA.

More efforts will be made to decrease chronic absenteeism by the assistant principal and the full time attendance clerk being secured through district funds. In addition, the site will utilize Synergy at no cost to monitor the EXCEL reward store and behavior instead of using the PBIS award system giving the site a saving of \$4,000.

# Goals, Actions, & Services

Complete a copy of the following table for each of the school's goals. Duplicate the table as needed.

## Goal 1

All students will demonstrate growth as measured by federal, state and district assessments.

State Priorities addressed by this goal:

- State Priorities:
- Priority 1: Basic (Conditions of Learning)
  - Priority 2: State Standards (Conditions of Learning)
  - Priority 3: Parental Involvement (Engagement)
  - Priority 4: Pupil Achievement (Pupil Outcomes)
  - Priority 5: Pupil Engagement (Engagement)
  - Priority 8: Other Pupil Outcomes (Pupil Outcomes)
  - Priority 10: Foster Youth – COEs Only (Conditions of Learning)

## Identified Need

The CA Dashboard's Five by Five Placement Reports indicated areas of high need in LCAP 1. The English Learner and socioeconomically disadvantaged student groups in English Language Art have a performance category of yellow. Students with disabilities had a performance category of orange. In math, the English Learners, Students with Disabilities and the Socio-economically disadvantaged student groups all had a performance category of yellow. To address these areas of concern, measures will continue to be put in place to address the individual needs of these student groups.

## Expected Annual Measurable Outcomes

# Goals, Actions, & Services

Complete a copy of the following table for each of the school's goals. Duplicate the table as needed.

## Goal 2

All students will graduate and be prepared to make a successful transition to further education and/or career opportunities.

State Priorities addressed by this goal:

State Priorities:      Priority 4: Pupil Achievement (Pupil Outcomes)  
                                  Priority 5: Pupil Engagement (Engagement)  
                                  Priority 7: Course Access (Conditions of Learning)  
                                  Priority 8: Other Pupil Outcomes (Pupil Outcomes)

## Identified Need

Amelia Earhart School of International Studies recognizes two significant needs to show progress in LCAP Goal 2. First, parenting classes need to be offered in literacy, math and college preparation for families. Second, college and career information opportunities need to be available for students through assemblies, fairs and opportunities to see high school students in their graduation gowns.

## Expected Annual Measurable Outcomes

(Include at least one metric/indicator for each priority checked above. Where performance gaps are identified, outcomes for student groups should demonstrate gap closure.)

# Goals, Actions, & Services

Complete a copy of the following table for each of the school's goals. Duplicate the table as needed.

## Goal 3

All students will develop and consistently demonstrate responsible, respectful and ethical behavior in a safe, clean and orderly learning environment.

State Local Priorities addressed by this goal:

State Priorities:      Priority 1: Basic (Conditions of Learning)  
                                  Priority 3: Parental Involvement (Engagement)  
                                  Priority 5: Pupil Engagement (Engagement)  
                                  Priority 6: School Climate (Engagement)  
                                  Priority 8: Other Pupil Outcomes (Pupil Outcomes)

## Identified Need

Amelia Earhart School of International Studies recognizes an area of continuous need in LCAP Goal 3. Lowering the Suspension rate as stated in the CA Dashboard's Five-by-Five Placement Report will continue to be an area of focus. Currently, the low socio economically disadvantaged student group performance level were yellow.

# Programs Included in this Plan

Enter the appropriate choice below for each state and federal program in which the school participates. Enter the amounts allocated for each program in which the school participates and, if applicable, indicate that the program's funds are being consolidated as part of operating a schoolwide program (SWP). The plan must describe the activities to be conducted at the school for each of the state and federal programs in which the school participates. The totals on these pages should match the cost estimates in the SPSA and the school's allocation from the ConApp.

Note: For many of the funding sources listed below, school districts may be exercising Categorical Program Provisions options (flexibility) with information available at <http://www.cde.ca.gov/fg/ac/co/documents/sbx34budgetflex.doc>  
**Of the four following options, please select the one that describes this school site.**

Select from: This site operates a SWP but does not consolidate its funds as part of operating a SWP.

**Federal Programs --** From the following options, please enter those from which the school receives funding. Include the allocation amount, and enter "yes" or "no" if the program is consolidated as part of the schoolwide program.

<p><b>Title I, Part A: Allocation Purpose:</b> To improve basic programs operated by local educational agencies (LEAs).  <b>Title I, Part A: Parental Involvement</b> (if applicable under Section 1118[a][3][c] of the Elementary and Secondary Education Act) Purpose: Ensure that parents have information they need to make well-informed choices for their children, more effectively share responsibility with their children's schools, and help schools develop effective and successful academic programs. (This is a reservation from the total Title I, Part A allocation).  <b>Title II, Part A: Improving Teacher Quality Purpose:</b> Improve and increase the number of highly qualified teachers and principals.  <b>Title III, Part A: Language Instruction for Limited-English-Proficient (LEP) Students Purpose:</b> Supplement language instruction to help LEP students attain English proficiency and meet academic performance standards. (Title III funds may not be consolidated as part of a SWP )  <b>Title VI, Part B: Rural Education Achievement Program Purpose:</b> Provide flexibility in the use of ESEA funds to eligible LEAs.  <b>For School Improvement Schools only: School Improvement Grant (SIG) Purpose:</b> to address the needs of schools in improvement, corrective action, and restructuring to improve student achievement.  <b>Other federal funds</b> (list and describe). Create a new row for each separate program.</p>
---

Title III funds are not a school level allocation even if allocated by the district to a school site. The LEA is responsible for fiscal reporting and monitoring and cannot delegate their authority to a site at which the program is being implemented. If Title III funds are spent at a school site, they must be used only for the purposes of Title III and for those students the LEA has identified for services. For more information, please contact the Language Policy and Leadership Office at 916-319-0845.
