## Purpose and Description

Briefly describe the purpose of this plan (Select from Schoolwide Program, Comprehensive Support and Improvement, Targeted Support and Improvement, or Additional Targeted Support and Improvement)

Schoolwide Program  
Additional Targeted Support and Improvement  
Hoover has identified attendance as an area for improvement under ATSI

Briefly describe the school's plan for effectively meeting the ESSA requirements in alignment with the Local Control and Accountability Plan and other federal, state, and local programs.

This School Plan is aligned with the District's Local Control and Accountability Plan through collaboration with the District in examining state and local data as part of a comprehensive needs assessment; creating goals, measurable outcomes, strategies, actions, and services that are aligned with those of the district; the provision of complementary services that support the improvement of the achievement of high needs students; and the creation of a system for monitoring and evaluating the effectiveness of the Plan in achieving its goals.

## 2020-23 Plan Summary

### The Story

Describe the students and community and how the school serves them.

Located in Indio, Hoover Elementary serves the socioeconomically and ethnically diverse populations in grades TK-5th. The school's fall 2022-2023 student enrollment was 354, of which 90% are Hispanic or Latino, 3% are White, 1% are African American, 1% Asian, and 2% other ethnicity. 47% of our student population are English Learners. Socioeconomically disadvantaged is 100% which are from low-income families eligible for free or reduced priced meals, less than 1% Foster Youth, and less than 1% are students with disabilities. During the 2022-2023 school year, the school proudly celebrated its 71st year. We have programs focused on ELA, ELD, Early Literacy, Math, Science, Social Studies and Character Development. We are a Title I school, offering after-school programs, extra-curricular sports, cheer,

music, arts, robotics, gardening, early risers and a student character core. We prioritize to meet student needs of those whose educational journeys are more challenged by language and/or economic barriers. Professional development continues to focus on AVID strategies and Professional Learning Communities. We use early literacy and process writing in our district. This is our sixth implementing MTSS and have an active Tier I and Tier II team. We have added Second Step curriculum to focus on social emotional learning and anti-bullying and inclusionary practices. A sensory room was added last year and students are rotating through based on need. Additionally, we have our Parent Center to support parent outreach and provide our parents with instructional and personal resources while making them a bigger part of the Hoover family and program.

## SPSA Highlights

Identify and briefly summarize the key features of this year's SPSA.

The actions and strategies within our 2023-24 SPSA support grades TK-5th in efforts to increase ELA, Math, and Professional Data Driven Collaborations, all while we focus on increasing daily student attendance. We have implemented our "Power Hour" to increase small group leveled intervention in every grade level four days a week. On the fifth day of the week, Wednesdays, we implement a Science and Robotics lab. Students rotate through the labs for hands on engaging lessons. We continue to strengthen our focus on consistent and meaningful student engagement around the application of content knowledge. Professional development continues to include Early Literacy, while strengthening our PLCs. We maintain a site focus on rigorous and engaging lessons to promote high levels of learning. Another significant goal remains to increase/improve Parent Engagement through the use of our parents center. We offer opportunities for parents to engage in their students' learning through Parent Teacher Conferences and School Site Council meetings. MTSS remains a part of our school's culture. We have established our Tier I and Tier II expectations. We are proud of the work we are accomplishing. We look forward to refining current programs, while looking at new and creative ways to further address the needs of students and parents throughout the school year.

## Needs Assessment -- Review of Performance

Based on a review of performance on the state indicators and local performance indicators included in the California School Dashboard, progress toward SPSA goals, local self-assessment tools, stakeholder input, or other information, what progress is the school proudest of, and how does the school plan to maintain or build upon that success? This may include identifying any specific examples of how past increases or improvements in services for student groups, including low-income students, English learners, homeless youth, and foster youth have led to improved performance for these students.

## Greatest Progress

Based on a review of performance on the state indicators and local performance indicators included in the California School Dashboard, progress toward SPSA goals, local self-assessment tools, stakeholder input, or other information, of what progress is the school proudest, and how does the school plan to maintain or build upon that success? This may include identifying any specific examples of how past increases or improvements in services for student groups, including low-income students, English learners, homeless youth, and foster youth have led to improved performance for these students

Instructionally, and as a district we are an Early Literacy and Process Writing school implementing UDL and MTSS. All grades made gains in i-Ready.

We continue to strengthen our Tier I and Tier II team.

We will continue to review our attendance and intervention practices. We also continue to have successful Tier I meetings. We continue to score high on our site CFA's and we have fidelity to our MTSS initiatives. We have an active Tier II team to review data and suggest interventions and next steps for struggling students.

## Greatest Needs

Referring to the California School Dashboard, identify any state indicator or local performance indicator for which overall performance was in the "Red" or "Orange" performance category. Additionally, identify any areas that the school has determined need significant improvement based on review of state indicators, local

performance indicators or other local indicators. What steps is the school planning to take to address these areas with the greatest need for improvement?

Utilizing Panorama survey results, CAASPP, ELPAC, suspension and attendance data - Two areas of need have been identified. Both are in the area of attendance and the social emotional needs of students. Current data shows both areas are of concern. Confidence and self-efficacy can be a valuable asset/resource for our learners.

- Focus on i-Ready for diagnostic and analysis of student progress toward goals
- Continue work within Process Writing
- Continue work on Early Literacy Strategies
- ST Math & imagine learning
- ELA remediation/tutoring during the school day
- After school tutoring in (ELA & Math)
- Improve reading and writing for the identified student groups
- Continue to strengthen student engagement through professional development opportunities
- Expand our implemented Tier II team
- sensory room and inclusionary best practices team

## Performance Gaps

Referring to the California School Dashboard, identify any state indicator for which performance for any student group was two or more performance levels below the “all student” performance. Additionally, identify any areas in which the school has determined there are significant performance gaps based on review of local performance indicators or other local indicators. What steps is the school planning to take to address these performance gaps?

Hoover Elementary school strives to ensure equity for all students by closing achievement gaps for all students. To address any performance gaps our team meets every Wednesday in Professional Learning Communities. These PLCs analyze real-time data and use that information to develop the most appropriate instructional program to address student needs. We seek research based "best practices" to enhance our program and create the most appropriate learning environment for all students. Currently, we see performance gaps in both ELA and Math between our "All Students" and "English Learners" categories. To address these gaps, we regularly discuss specific strategies targeting our EL population. We look for instructional practices that will help build content vocabulary, keep students actively engaged in the content, get students discussing (with partners/peers) the content, write about the content, and apply their knowledge (in multiple ways). These strategies are discussed and put into practice as part of our PLC cycle. Finally, we have organized our “ELD block schedule” and added a "Power Hour" for leveled intervention in small groups for all grade levels. This increased the effectiveness of the instruction during that allocated time. We have a Science and Robotics lab to address a need for more student engagement and hopefully lead to increased attendance. We took a close look at iReady data this year to monitor student progress and achievement.

## Resource Inequities

Briefly identify and describe any resource inequities identified as a result of the required needs assessment, as applicable.

Chronic absenteeism was identified as an area to target for improvement as a result of family resource inequities at Hoover. The staff identified concern with families going out of town or traveling to Mexico for extended periods of time. There are challenges for parents due to lack of education, resources, or stability in the homes. Students who are struggling in school may become unhappy and develop behavior issues in the classroom. These students may become less connected to their teacher and discouraged about coming to school. Often times there are multiple siblings within a home and illness or hygiene can be an issue impacting attendance. Due to these identified inequities students may not be as intrinsically motivated to attend Hoover as in other demographic areas.

In addition mental health issues and trauma have increased with circumstances related to poverty.

Current 2022/23 data after COVID closure shows an increase in attendance but chronic absenteeism continues to be an issue. Parents got in the habit of keeping students home for mild symptoms and now need to be re-educated on the importance of having students at school everyday unless they have a fever or doctor's note.

We have identified action items to address these inequities through our work with MTSS and our Tier teams.

“Reducing chronic absence goes hand in hand with cultivating positive conditions for learning. When schools provide engaging, supportive, welcoming and culturally responsive environments, families are inclined to help their children get to school, and students are motivated to attend, even when there are hurdles to getting there. Likewise, when students attend class consistently, positive conditions for learning—from supportive relationships with teachers to substantive, meaningful educational experiences—are more likely to occur.” - What Works Clearinghouse18.pdf

Goals for improvement include School Attendance Review Board meetings with parents, attendance rewards and certificates with traveling trophies for classrooms with the best attendance, trimester attendance awards, morning greeters, marquee messages, PBIS points and a school and classroom stores, perfect attendance incentives such as buttons or magnets, family workshops through our parent center on the importance of attendance, uniforms for equity and communicating more with parents through parent conferences, our attendance clerk and classroom teachers.

# Need Assessment - Educational Partner Involvement

SPSA Year: **2023-24**

## Involvement Process for the SPSA and Annual Evaluation

How, when, and with whom did the school consult as part of the planning process for this SPSA development, evaluation, and analysis? (e.g., SSC and/or ELAC elections, trainings, meeting dates, etc., aligned to agendas and minutes)

The 2023-2024 SPSA was thoroughly reviewed with our site Tier I Team, TRAC Leadership Team and School Site Council. The 2023-2024 SPSA was created using the feedback and input from our site Tier/MTSS Team, Panorama Survey Data, Trac Leadership Team and our School Site Council. The SPSA was developed using our current data and needs assessment. Furthermore, the SPSA is based upon current LCAP and site specific goals.

SSC Meeting #1 (August 17, 2022, 2:30pm room 16)

- Approval of the school safety plan

Title 1 parent meeting (September 31, 2022 - 5:30pm in all classrooms streaming prior to Back to School Nights)  
Slideshow review of school plan and Title 1

ELAC Meeting #1 (October 11, 2022 - 2:30pm rm. 16)

- overview of the purpose of ELAC, SSC and the roles and responsibilities of ELAC
- Discussion of Election and ballot process of new ELAC officers and chair, vice chairperson, secretary at next meeting
- Discussion of delegating responsibilities to SSC after election if they so choose.

ELAC Meeting #2 (October 18, 2022 - 2:30pm rm. 16)

- Review of bylaws
- Election results
- Election of officers
- Discuss and approve parent involvement policy
- Discuss and approve school compact, parent surveys
- Delegation of ELAC responsibilities to SSC

SSC Meeting #2 (November 3, 2022 - 2:30pm rm. 16 )

- Accept delegation of ELAC to SSC
- Purpose and Function of SSC (PP)
- Review SSC Roles and Responsibilities
- Review Bylaws
- New Budget Items & SPSA Review
- Discuss the end of SSC terms
- Discuss election of Officers
- Hoover Site Data Review and Analysis
- Discuss and approve the school compact
- Discuss and approve the Parent Involvement Policy

TRAC #1 Meetings - Academic hours (9 total people, 6 hours) after school (December 5, 6, 2022):

- Review SPSA and MSAP provide feedback for site goals and action steps. (Highlights, Strengths, Opportunities for Improvement, Performance

Gaps, and Increased/Improved Services)

- Set Goal for Math
- Set goal for Writing and Early Literacy
- set goals for i-Ready usage and analysis of data

SSC Meeting #3 (February 2, 2023 - 2:30pm rm. 16)

- Review Power Hour
- iReady progress
- reclassification info.
- testing updates

TRAC #2 Meetings - Academic hours (6 hrs. total, 9 people) after school (March 6, 7,8 - 2023):

- SPSA AAP: Goal Progress, Monitoring, Revisions, Planning for next year.
- SPSA EVAL: Successes, Challenges and Modifications. Discuss possible changes for 2022-2023.
- Panorama survey data

SSC Meeting #4 (March 16, 2023 - 2:30pm rm. 16)

- Review MSAP from Trac meeting
- Review needs assessment (annual evaluation)
- Review proposed budget for next year
- Discuss and provide input into next year's school plan
- Student Panorama survey Data
- CAASPP and ELPAC testing updates

SSC Meeting #5 (April 25, 2023 - 2:30pm room 16)

- Discuss, approve, and recommend 2023-24 SPSA (Single plan for Student Achievement) for Board approval.
- Principal's Closing Message

## **Impact on the SPSA and the Annual Evaluation**

How did these consultations impact the SPSA for the upcoming year?

These consultations had a positive impact on the evaluation and development of the SPSA. Being transparent, sharing/assessing relevant data, and collaborating as a team, all foster productive conversations that yield effective results. Each "team" was able to review our current successes and needs, they then took that information (coupled with our LCAP & TRAC Goals), to help inform the best ways to address our needs, within the upcoming SPSA.

Our Tier 1 team, School Site Council, and additional staff identified the following recommendations for the upcoming year:

- Continue offering classes via our Parent Center
- Continue with collaboration around Early Literacy and Inclusionary practices.
- Continue having intervention specialists in English Language Arts for "Power Hour" and Science/Robotics labs.
- Continue to offer after school tutoring opportunities in either Math, ELD, Early Literacy or ELA.
- Continue professional development
- Continue to develop our MTSS tiers for academic and social emotional support.
- Add substitutes for Inclusionary practices team to meet and collaborate
- Add another Tier III support person

# Budget Summary

Complete the table below. Schools may include additional information. Adjust the table as needed. The Budget Summary is required for schools funded through the Consolidated Application (ConApp), and/or that receive funds from the LEA for Comprehensive Support and Improvement (CSI). Schools may include additional information or more detail, including graphics that are accessible to readers with disabilities.

Description	Amount
Total Title I Funds:	\$73,792
Total Centralized Services:	\$122,237
Total Supplemental Concentration Funds	\$188,014
Total Funds Budgeted for Strategies to Meet the Goals in the SPSA	\$261,806.00

## Supplemental Services

Identify each action or service for which the school will use federal categorical funds to provide supplemental services for eligible, at-risk students, including low-income students, English learners, homeless youth, foster youth, and others, as identified.

- This school will use Title I funds to secure ELA Intervention/Remediation tutors during the school day. This support service will be for all grade levels.
- This school will use Title I funds to provide ongoing and meaningful professional development opportunities for the staff. These professional development opportunities will be directed at student needs and improvement of instructional programs.
- This school will use Title 1 funds to provide support to our parent center and attendance
- This school will use Title 1 funds to support ATSI and improved attendance with incentives
- This school will use Supplemental funds to support a Tier 1, Tier II, and Inclusionary practices team

Grade 5	61	62	61
<b>Total Enrollment</b>	374	355	343

### Conclusions based on this data:

1. Hoover's current population is approximately 352 students
2. Approximately 90% of the population at Hoover is Hispanic/Latino.
3. 100% of student population is considered SED on free and reduced breakfast and lunch.

**Conclusions based on this data:**

1. Hoover has a large percentage of students not meeting state standards in ELA in grades 3, 4, and 5.
2. Based on current CAASPP/ iReady data of All Students in ELA 83% are performing in the Red (2 or more grade levels below). Hoover has shown growth and students are moving up dramatically toward standards met based on current iReady data.
3. Current iReady shows 60% of students are making typical growth medians in ELA . Continued focus in power hour intervention is helping to close the gap and bring students closer to target.

**Conclusions based on this data:**

1. Hoover has a large percentage of students 89% in grades 3, 4, and 5 not meeting state standards in mathematics.
2. According to current iReady data 48% of all students are in the Red (2 or more grade levels below). This is an increase of about 30% from the previous year. Hoover students need to continue to participate in makerspace and hands on labs that will increase their creativity and manipulation of mathematics.
3. Current math interventions are being implemented to further small group instruction and intervention in mathematics.

**Conclusions based on this data:**

1. Most students fall within the somewhat/moderate range on the Summative ELPAC.
2. It takes a great deal of time to administer the Summative ELPAC. Students and staff took this very seriously to provide ample time for students to respond and do their best. Results show students are making progress. More intervention and work with ELD is needed to achieve English proficiency.
3. On the 21-22 Summative ELPAC, the percentage of students who were minimally developed (ELPAC score of 1) was 19%, and the percentage of students who were well-developed (ELPAC score of 4) was 11.5%. Since a 4 on the Summative ELPAC is required for reclassification continued targeted DELD, based on individual needs, is essential for students in each level. For example, students who scored an average level 3 demonstrate a need for written language and, therefore, extensive DELD is provided in this domain.

## Student Population

For the past two years, many state and federal accountability requirements were waived or adjusted due to the impact of the COVID-19 pandemic on LEAs, schools, and students. Beginning with the 2021-22 school year, the requirements to hold schools and districts accountable for student outcomes has returned with the release of the 2022 California School Dashboard (Dashboard). The Every Student Succeeds Act is requiring all states to determine schools eligible for support. Similarly, under state law, Assembly Bill (AB) 130, which was signed into law in 2021, mandates the return of the Dashboard using only current year performance data to determine LEAs for support. Therefore, to meet this state requirement, only the 2021-22 school year data will be reported on the 2022 Dashboard for state indicators. (Data for Change [or the difference from prior year] and performance colors will not be reported.)

This section provides information about the school's student population.

2021-22 Student Population

Students who are learning to communicate effectively in English, typically requiring instruction in both the English Language and in their academic courses.	Students whose well being is the responsibility of a court.

2021-22 Enrollment for All Students/Student Group		
Student Group	Total	Percentage
English Learners	174	49.0
Foster Youth	3	0.8
Homeless	4	1.1

**Conclusions based on this data:**

1. Hoover has a population of 92.4% of students who are identified as SED. This is based on our free and reduced lunch count. It should be noted that all students are receiving free meals and that not all families may have reported this data.

## Overall Performance

Due to the COVID-19 pandemic, state law allows the 2022 Dashboard to only display the most current year of data (also known as Status). For this year only, performance levels will be reported using one of five Status levels (ranging from Very High, High, Medium, Low, and Very Low) for state measures. Please note that the Status levels associated with the Chronic Absenteeism and Suspension Rate Indicators are reversed (ranging from Very Low, Low, Medium, High, and Very High). Information regarding this year's Dashboard data is available within the [Dashboard Communications Toolkit](#).

Because performance on state measures is based on current year (i.e., 2021-22) results only for the 2022 Dashboard, the color dials have been replaced with one of five Status levels (ranging from Very High, High, Medium, Low, and Very Low).

### 2022 Fall Dashboard Overall Performance for All Students

Academic Performance	Academic Engagement	Conditions & Climate
<b>English Language Arts</b> 	<b>Chronic Absenteeism</b> 	<b>Suspension Rate</b> 
<b>Mathematics</b> 		
<b>English Learner Progress</b> 		

#### Conclusions based on this data:

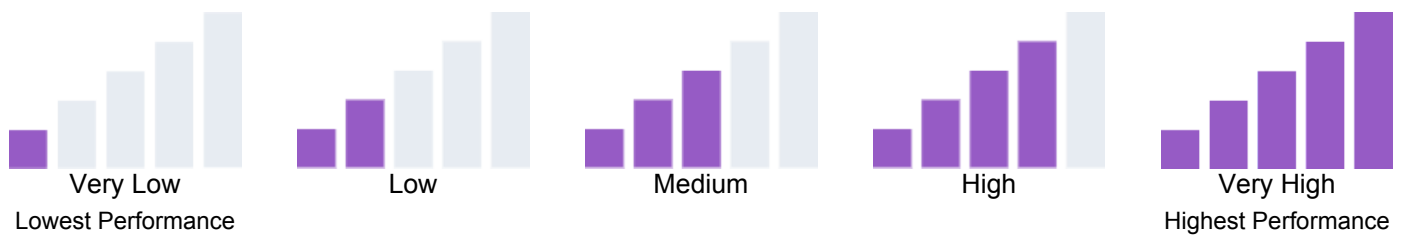

1. Hoover students are performing academically at the very low level in all subjects. Chronic Absenteeism along with ELA and Mathematics are a focus for intervention.

Current English Learner	Reclassified English Learners	English Only
115.4 points below standard 87 Students	20.0 points below standard 18 Students	100.3 points below standard 66 Students

**Conclusions based on this data:**

1. Hoover students data shows very low performance by all groups.
2. According to iReady data Hoover students are still significantly below grade level in both ELA and Mathematics, however we have seen lots of progress toward meeting the standard on current data this year.

College/Career data provides information on whether high school students are prepared for success after graduation based on measures like graduation rate, performance on state tests, and college credit courses. College/Career data was not reported in 2022.

### Conclusions based on this data:

1. Not reported due to age of students
2. Hoover is not a formal AVID elementary school however we do practice strategies for organization and note taking along with discussions of the importance of college and careers.
3. Hoover staff receives professional development related to AVID teaching strategies.

2. Chronic Absenteeism is slightly improved following closure. There is a new need to re-educate our parents on the importance of school attendance.
3. We have hired an office specialist to focus on attendance and support parent meetings beginning in August when patterns of repeated absences begin to occur.

2022 Fall Dashboard Suspension Rate for All Students/Student Group

**2022 Fall Dashboard Suspension Rate by Race/Ethnicity**

**Conclusions based on this data:**

1. While our suspension rate increased slightly this year it is due to 2 to 3 students with challenging behaviors. All 3 have behavior plans in place but it was necessary to suspend multiple days which has skewed our data slightly.
2. We had an increase in young new students to Hoover who arrived with significant trauma due to outside circumstances. We are working with current supports on campus to support these students, but at times suspension was necessary.
3. We continue to show a need for increased counseling due to social emotional issues.

## Evaluation

Complete a copy of the following table for each of the school's goals from the prior year SPSA. Duplicate the table as needed. Use actual annual measurable outcome data, including performance data from the California School Dashboard, as applicable.

Describe your evaluation of the level of implementation of each action/service to achieve the articulated goal.

We spent the majority of our money in the goal areas we set this year. We introduced Imagine Language & Literacy as an online intervention after school and trained new teachers in early literacy foundations. Our school counselor focused a lot of time this year on SEL lessons. Our Tier team met, and did a nice job continuing our work on MTSS.

Describe your evaluation of the effectiveness (Did it work?) of each action/service to achieve the articulated goal as measured by the school.

We were really pleased with our "Power Hour" utilizing intervention teachers for small group instruction and Wednesday labs in Robotics and Science. We saw quite a lot of growth in students' i-Ready scores in Reading, which we attribute to this block of time.

Explain material differences between Budgeted Expenditures for Categorical Funds and Estimated Actual Expenditures.

We moved a large chunk of money from Goal 1 action 13 materials and supplies into goal 1 action 11 to cover a PLC conference for 7 staff members for three days. This conference was a great way to reboot our PLC with lots of new staff members on campus following our closure year.

Based on this evaluation, an analysis of the California School Dashboard, and the school's needs assessment, describe any changes made to this goal, to the expected outcomes, the metrics, or the actions and services to achieve this goal. Identify where those changes can be found in the SPSA.

We completed our Sensory room but were able to use ESSER funds. This allowed for money to be shifted to our PLC conference.

Our Science and Robotics labs continued to be a success this year. Students rotated weekly through both lab settings and enjoyed hands on activities.

Describe your evaluation of the effectiveness (Did it work?) of each action/service to achieve the articulated goal as measured by the school.

Our "Power Hour" which included weekly labs is a large expense, but proved effective for engagement, attendance and academic growth in iReady.

Explain material differences between Budgeted Expenditures for Categorical Funds and Estimated Actual Expenditures.

We continued to have issues with substitute availability which made release days for teachers to collaborate limited.

Based on this evaluation, an analysis of the California School Dashboard, and the school's needs assessment, describe any changes made to this goal, to the expected outcomes, the metrics, or the actions and services to achieve this goal. Identify where those changes can be found in the SPSA.

We re-evaluated which site licenses we will continue to support, purchased more headphones for classrooms and a computer system for our new security guard to assist with cameras and security related items. We shifted some money from the CAFE conference to goal 1 for the PLC conference.

## Evaluation

Complete a copy of the following table for each of the school's goals from the prior year SPSA. Duplicate the table as needed. Use actual annual measurable outcome data, including performance data from the California School Dashboard, as applicable.

Describe your evaluation of the level of implementation of each action/service to achieve the articulated goal.

We had a high level of implementation this year with a very successful Tier leadership team in place. Attendance meetings were held and incentives were given throughout the year. Attendance rates show a slight up tick from the previous year. Our inclusive practices team met every month with every teacher on campus trained in Mindset.

Describe your evaluation of the effectiveness (Did it work?) of each action/service to achieve the articulated goal as measured by the school.

We saw a decrease in student referrals based on our positive rewards and incentives provided. Suspension rates remained about the same but were specific to the same student who is in the process of changing placement.

Explain material differences between Budgeted Expenditures for Categorical Funds and Estimated Actual Expenditures.

With new funds provided by ELOP we were able to shift money from coaching and after school activities to professional development. This allowed a team of 7 staff members to attend a 3 day conference on Professional Learning Communities.

Based on this evaluation, an analysis of the California School Dashboard, and the school's needs assessment, describe any changes made to this goal, to the expected outcomes, the metrics, or the actions and services to achieve this goal. Identify where those changes can be found in the SPSA.

The change was in shifting funds through our SSC to allow for the PLC conference. All other goals were achieved with fidelity and we were pleased with our progress this year.

Increase the number of parents regularly attending/participating at Hoover. Parent involvement provides parents with opportunities to get important information/resources that will benefit their children, themselves and their families. We offer classes to help parents better understand and learn about site instructional expectations, literacy skills/activities to use at home, parenting difficult children classes, health and wellness, ESL, as well as including elements that focus on A-G, FAFSA and other graduation/college informational classes for our parents. Our Parent Center Liaison will support home to school communication and work to further improve our attendance rates as part of our ATSI (Additional Targeted Support & Improvement) plan.

# Goals, Actions, & Services

Complete a copy of the following table for each of the school's goals. Duplicate the table as needed.

## Goal 3

All students will develop and consistently demonstrate responsible, respectful and ethical behavior in a safe, clean and orderly learning environment.

State Local Priorities addressed by this goal:

State Priorities:      Priority 1: Basic (Conditions of Learning)  
                                  Priority 3: Parental Involvement (Engagement)  
                                  Priority 5: Pupil Engagement (Engagement)  
                                  Priority 6: School Climate (Engagement)  
                                  Priority 8: Other Pupil Outcomes (Pupil Outcomes)

## Identified Need

The CA Dashboard Five-By-Five placement reports indicated areas of need for continuous improvement in LCAP Goal 3, chronic absenteeism. Hoover was identified in two categories with red "Students with Disabilities" and "Socioeconomically Disadvantaged." We are identified for supports with ATSI (Additional Targeted Support and Improvement) and our greatest area of need (in Goal #3) would be reducing our chronic absenteeism rate at our site. We will continue our work within our MTSS team (as well as the district's CWA Department) to support the academic, attendance, social, behavioral and emotional needs of students.

## Expected Annual Measurable Outcomes

(Include at least one metric/indicator for each priority checked above. Where performance gaps are identified, outcomes for student groups should demonstrate gap closure.)

# Programs Included in this Plan

Enter the appropriate choice below for each state and federal program in which the school participates. Enter the amounts allocated for each program in which the school participates and, if applicable, indicate that the program's funds are being consolidated as part of operating a schoolwide program (SWP). The plan must describe the activities to be conducted at the school for each of the state and federal programs in which the school participates. The totals on these pages should match the cost estimates in the SPSA and the school's allocation from the ConApp.

Note: For many of the funding sources listed below, school districts may be exercising Categorical Program Provisions options (flexibility) with information available at <http://www.cde.ca.gov/fg/ac/co/documents/sbx34budgetflex.doc>  
**Of the four following options, please select the one that describes this school site.**

Select from: This site operates a SWP but does not consolidate its funds as part of operating a SWP.
Hoover runs a Schoolwide Program

**Federal Programs --** From the following options, please enter those from which the school receives funding. Include the allocation amount, and enter "yes" or "no" if the program is consolidated as part of the schoolwide program.

<p><b>Title I, Part A: Allocation Purpose:</b> To improve basic programs operated by local educational agencies (LEAs).  <b>Title I, Part A: Parental Involvement</b> (if applicable under Section 1118[a][3][c] of the Elementary and Secondary Education Act) Purpose: Ensure that parents have information they need to make well-informed choices for their children, more effectively share responsibility with their children's schools, and help schools develop effective and successful academic programs. (This is a reservation from the total Title I, Part A allocation).  <b>Title II, Part A: Improving Teacher Quality Purpose:</b> Improve and increase the number of highly qualified teachers and principals.  <b>Title III, Part A: Language Instruction for Limited-English-Proficient (LEP) Students Purpose:</b> Supplement language instruction to help LEP students attain English proficiency and meet academic performance standards. (Title III funds may not be consolidated as part of a SWP )  <b>Title VI, Part B: Rural Education Achievement Program Purpose:</b> Provide flexibility in the use of ESEA funds to eligible LEAs.  <b>For School Improvement Schools only: School Improvement Grant (SIG) Purpose:</b> to address the needs of schools in improvement, corrective action, and restructuring to improve student achievement.  <b>Other federal funds</b> (list and describe). Create a new row for each separate program.</p>
---

Title III funds are not a school level allocation even if allocated by the district to a school site. The LEA is responsible for fiscal reporting and monitoring and cannot delegate their authority to a site at which the program is being implemented. If Title III funds are spent at a school site, they must be used only for the purposes of Title III and for those students the LEA has identified for services. For more information, please contact the Language Policy and Leadership Office at 916-319-0845.
