Purpose and Description

Briefly describe the purpose of this plan (Select from Schoolwide Program, Comprehensive Support and Improvement, Targeted Support and Improvement, or Additional Targeted Support and Improvement)

Schoolwide Program
Additional Targeted Support and Improvement

Briefly describe the school's plan for effectively meeting the ESSA requirements in alignment with the Local Control and Accountability Plan and other federal, state, and local programs.

This School Plan is aligned with the District's Local Control and Accountability Plan through collaboration with the District in examining state and local data as part of a comprehensive needs assessment; developing goals, measurable outcomes, and strategies, actions and services that are aligned with those of the district; providing supplemental services that support improved performance for high-needs students; and developing a system for monitoring and evaluating the efficacy of the plan in achieving its goals.

2020-23 Plan Summary

The Story

Describe the students and community and how the school serves them.

John Glenn Middle School located in Indio, CA serves the socioeconomically and ethnically diverse populations in grades 6-8. The school's fall 2022 enrollment was 1,045, of which 74% are of Hispanic descent, 22% are white, 1% are African-American, 2% are Asian, and 1% are other ethnicity. Spanish is the home language of 95% of the schools nearly 97 English Learners. The schools unduplicated percentage is 52%. 6.7% of our students are classified as English Language Learners. 56% of our students are from low-income families eligible for free or reduced-priced meals, less than .1% Foster Youth, and 13% are students with Individual Education Plans (IEPs). John Glenn Middle School has

programs focused on academic language and critical thinking development and college and career readiness, prioritized to meet student needs of those whose educational journeys are more challenged by language and/or economic barriers. Supporting our site is an academic coach and a school site council committee from the community, dedicated to meet the high expectations and performance goals set by our 105 certificated and classified staff. Professional development continues to focus on PLCs and best first instruction. We have implemented MTSS, and are entering our fifth year. This will further support our students and family stakeholders to have better educational outcomes. For the 2023-2024 school year, John Glenn Middle School will continue to be a Title I school.

John Glenn Middle School of International Studies is a state-of-the-art middle school that opened in September 2001. The school houses nearly 1,100 students in grades 6 through 8, with 48 classrooms, 4 science labs, 4 technology labs, a library/multi-media center, a multi-purpose room, cafeteria, locker rooms, open air gymnasium/pavilion, band room and athletic fields. John Glenn is part of an "International Baccalaureate World School Triad" with Amelia Earhart Elementary School of International Studies and La Quinta High School. Amelia Earhart is authorized as an International Baccalaureate Primary Years Programme and La Quinta High School houses the International Baccalaureate Diploma Programme. John Glenn Middle School is authorized for the International Baccalaureate Middle Years Programme. The International Baccalaureate Middle Years Programme (IBMYP) is a rigorous and holistic program that promotes interdisciplinary curriculum, inquiry-based learning, high-level thinking skills, and an international/global focus. JGMS was re-authorized as an IB school in the 2018-2019 school year. Since 2003, John Glenn has been an AVID School and became a CA Distinguished School in 2009. In 2004, John Glenn Middle School was named a 'School to Watch' by the California League of Middle Schools in partnership with several other organizations. In the 2021-22 school year, JGMS was re-authorized as a School to Watch for the 5th time. In 2015, John Glenn Middle School was named a California Gold Ribbon School, and an Honor Roll School. This award is given to schools that demonstrate high levels of student achievement, improvement over time & reduction in the achievement gap. Students at John Glenn Middle School take up to eight subjects: Language & Literature, Individuals & Societies, Science, Mathematics, Arts, Physical & Health Education, Design, and Language Acquisition. The learning focus at John Glenn Middle School is firmly rooted in a strong foundation built on a school-wide culture of scholarly excellence, personal pride, mutual respect and service to community. We also devote time and efforts to sustaining and nurturing cooperative relationships between school and home.

SPSA Highlights

Identify and briefly summarize the key features of this year's SPSA.

The actions and strategies within our 2023-2024 SPSA support grades 6-8 in efforts to increase Math, ELA, Science, Social Studies, Electives, Attendance and Socialization/Behavior. Sustaining our site-wide focus on PLC/PLT will result in increased performance in Math and ELA, as well as all other content areas. Professional development will be expanded to include additional training around classroom management, IB strategies for Approaches to Learning, (ATLs), PLC/RTI, AVID WICOR strategies, PBIS/SEL. Additionally, we offer in-school tutorials, as well as after school tutoring in Math, ELA and starting this year we will add other content areas as needed. As an additional goal, we will look to increase opportunities for parents to engage in their child's learning through parent nights, parent universities, student-led conferences, awards presentations, and classroom volunteer initiatives.

Needs Assessment -- Review of Performance

Based on a review of performance on the state indicators and local performance indicators included in the California School Dashboard, progress toward SPSA goals, local self-assessment tools, stakeholder input, or other information, what progress is the school proudest of, and how does the school plan to maintain or build upon that success? This may include identifying any specific examples of how past increases or improvements in services for student groups, including low-income students, English learners, homeless youth, and foster youth have led to improved performance for these students.

Greatest Progress

Based on a review of performance on the state indicators and local performance indicators included in the California School Dashboard, progress toward SPSA goals, local self-assessment tools, stakeholder input, or

other information, of what progress is the school proudest, and how does the school plan to maintain or build upon that success? This may include identifying any specific examples of how past increases or improvements in services for student groups, including low-income students, English learners, homeless youth, and foster youth have led to improved performance for these students

Last year's CAASPP data is considered a "benchmark score" that we act as the baseline for this year's CAASPP data. We had our best progress in ELA testing, with 43% of our students proficient. Our female students had an overall proficiency of 48%, with our male students at 38% proficient. The Spring i-Ready Diagnostic (2023) has 41% of our students at Proficiency in ELA. On the CAASPP our proficiency rates were much lower in Math, with an overall proficiency rate of 33%. Our i-Ready Data show the greatest area of growth in ELA are Phonological Awareness and High Frequency Words. All areas in ELA showed growth from Fall to Winter. The data for i-Ready Math showed the greatest growth in Numbers and operations & Measurement and Data. The Spring i-Ready Diagnostic (2023) has 44% of our students at Proficiency in MATH.

Greatest Needs

Referring to the California School Dashboard, identify any state indicator or local performance indicator for which overall performance was in the "Red" or "Orange" performance category. Additionally, identify any areas that the school has determined need significant improvement based on review of state indicators, local performance indicators or other local indicators. What steps is the school planning to take to address these areas with the greatest need for improvement?

Last year's CAASPP data is considered a "benchmark score" that we act as the baseline for this year's CAASPP data. According to the CAASPP our greatest needs were seen in Math, with an overall proficiency rate of 33%. Our male students outperformed our female students with a proficiency rate of 35% compared to 31%. Our i-Ready Data show the greatest area of need for ELA as Informational Text and Comprehension. The data for i-Ready Math showed the greatest needs in Math as Geometry & Algebra. We also continue to have needs within our Special Education population and our overall site Attendance and Chronic Absenteeism (25%).

Performance Gaps

Referring to the California School Dashboard, identify any state indicator for which performance for any student group was two or more performance levels below the "all student" performance. Additionally, identify any areas in which the school has determined there are significant performance gaps based on review of local performance indicators or other local indicators. What steps is the school planning to take to address these performance gaps?

This year's data shows performance gaps in both ELA and Math. In mathematics, there is a performance gap between of White students (Medium) and our EL, Hispanic and SED (Low) and SWDs (Very Low). For Mathematics: ALL Students are 44.2 points below standard, SWDs are 132.7 points below standard, ELs are 80.2 points below standard, Hispanic is 57.7 points below standard and SEDs are 54.5 pints below standard. In English Language Arts, there is a performance gap between of White students (High) and our EL, Hispanic and SED (Low) and SWDs (Very Low). For English Language Arts: ALL students are 14.1 points below standard, SWDs are 102.9 points below standard, ELs are 43.5 points below standard, Hispanic is 24.4 points below standard and SEDs are 22.3 pints below standard. There is no performance data for our other subgroups.

Resource Inequities

Briefly identify and describe any resource inequities identified as a result of the required needs assessment, as applicable.

In doing this resource inequities, our team utilized a comprehensive needs assessment. For this assessment we used: The California School Dashboard; local assessments, district benchmarks, grade distributions, teacher-created assessments, Panorama survey data, and collaboration with our site Leadership Team, School Site Council (SSC), and English Learner Advisory Committee (ELAC).

The data indicates that students with disabilities are performing significantly below other student groups. This needs to be addressed in IEP goals, built-in interventions and TIER 1 Instruction. We have an increase in the Chronic Absenteeism students. With additional district supports/staffing, we will better be able address this via SART meetings and regular Attendance discussions with students and families.

There was a noticeable increase in "inappropriate/poor student behavior" this year. We haven't been able to afford to secure personnel for an intervention room. This year we are allocating our funding to secure an Intervention room and Instructor. This will help with Tier II & III services for these needs. We have also noticed an increase in "vaping" on campus. we are doing regular sweeps of the restrooms, but are also trying to be a pilot school for a new "anti-vaping" monitoring system.

Need Assessment - Educational Partner Involvement

SPSA Year: **2023-24**

Involvement Process for the SPSA and Annual Evaluation

How, when, and with whom did the school consult as part of the planning process for this SPSA development, evaluation, and analysis? (e.g., SSC and/or ELAC elections, trainings, meeting dates, etc., aligned to agendas and minutes)

- * SSC Meeting 1: 8/31/22 Discuss SSC voting that is upcoming. Discuss delegating ELAC to SSC. List of meeting dates for the year.
- * SSC Meeting 2: 9/21/22 Nominate Student Representative, Purpose and function of SSC- Roles and Responsibilities, and review SPSA funding. Discuss before and after school programs. We had an ELAC Meeting prior to this meeting.
- * SSC Meeting 3: 11/2/22 Discuss and approve the newly updated Bylaws. Discuss and approve Site Safety Plan and Budget. We had an ELAC Meeting prior to this meeting.
- * SSC Meeting 4: 3/22/23 Needs Assessment Review and Preliminary discussion of the 2019-20 SPSA actions, strategies, and expenditures. We also discussed tutoring programs. We had an ELAC Meeting prior to this meeting.
- * SSC Meeting 5: 4/26/23 Reviewed SPSA Evaluation. Reviewed Title I and Supplemental Concentration Budgets. Approved the 2021-2022 SPSA Budget. This is our last meeting, we celebrated our SSC Team.
- * Develop a comprehensive Single Plan for Student Achievement
- * Develop a budget aligned to Consolidated Application Funds and
- * LCAP funds requiring discussion and approval from the SSC.
- * Recommend Single Plan for Student Achievement (SPSA) to the
- * DSUSD school board on a yearly basis.
- * Periodic and continual review of effectiveness of goals and strategies

Impact on the SPSA and the Annual Evaluation

How did these consultations impact the SPSA for the upcoming year?

The SPSA was impacted based upon the surplus of new ELOP funding, staffing allocation, the need to keep and increase after school tutoring, as well as a site-wide goal to improve student relations and address SEL needs. Several groups were consulted to include, Site Leadership, The Site's SEAL Team, Site AVID Team and School Site Council.

Budget Summary

Complete the table below. Schools may include additional information. Adjust the table as needed. The Budget Summary is required for schools funded through the Consolidated Application (ConApp), and/or that receive funds from the LEA for Comprehensive Support and Improvement (CSI). Schools may include additional information or more detail, including graphics that are accessible to readers with disabilities.

Description	Amount
Total Title I Funds:	\$106,477
Total Centralized Services:	\$131,800
Total Supplemental Concentration Funds	\$165,209
Total Funds Budgeted for Strategies to Meet the Goals in the SPSA	\$271,686.00

Supplemental Services

Identify each action or service for which the school will use federal categorical funds to provide supplemental services for eligible, at-risk students, including low-income students, English learners, homeless youth, foster youth, and others, as identified.

We implement MTSS and Tier I, Tier II and Tier III practices as supplemental services for our at-risk students. Additionally, we added weekly SEL Videos, with grade level specific content. We are planning to add an "Intervention Classroom" to address the academic, behavior and social emotional needs of our students. This is where a member off our instructional team will run a class with at-risk students on a rotational basis. We are also planning on adding the PLUS Program, as an Advisory class. This will support students helping students. This will complinet the work we do in MTSS. English Learners, homeless youth, and foster youth will benefit from the above-mentioned programs, in addition to one-on-one regular counselor/facilitator check-ins and goal setting. Before and After School Tutoring programs will continue to help meet the needs of our all learners. This will include the addition of any existing or new ELOP (Expanded Learning Opportunity Program).

Grade 7	401	365	338
Grade 8	395	393	368
Total Enrollment	1,167	1,092	1,045

Conclusions based on this data:

1. This trend shows our enrollment numbers are declining over the past few school years.
2. We need to continue to focus on our Chronic Absentee students in all student groups.

Reclassified Fluent English Proficient (RFEP)	29			26.6%		

Conclusions based on this data:

1. Our EL population enrollment numbers are decreasing.
2. We had a nice increase in the number of students the were reclassified (RFEP) from 20-21 to 21-22.
3. We will continue to refine practices that allow for more students to be reclassified.

2. Our data shows both success and need, depending upon the grade level and tested area.
3. The Writing Language and Reading Domains seems to be our greatest area of need.

School and Student Performance Data

Student Population

For the past two years, many state and federal accountability requirements were waived or adjusted due to the impact of the COVID-19 pandemic on LEAs, schools, and students. Beginning with the 2021-22 school year, the requirements to hold schools and districts accountable for student outcomes has returned with the release of the 2022 California School Dashboard (Dashboard). The Every Student Succeeds Act is requiring all states to determine schools eligible for support. Similarly, under state law, Assembly Bill (AB) 130, which was signed into law in 2021, mandates the return of the Dashboard using only current year performance data to determine LEAs for support. Therefore, to meet this state requirement, only the 2021-22 school year data will be reported on the 2022 Dashboard for state indicators. (Data for Change [or the difference from prior year] and performance colors will not be reported.)

This section provides information about the school's student population.

Filipino	7	0.6
Hispanic	787	72.1
Two or More Races	24	2.2
Pacific Islander	1	0.1
White	222	20.3

Conclusions based on this data:

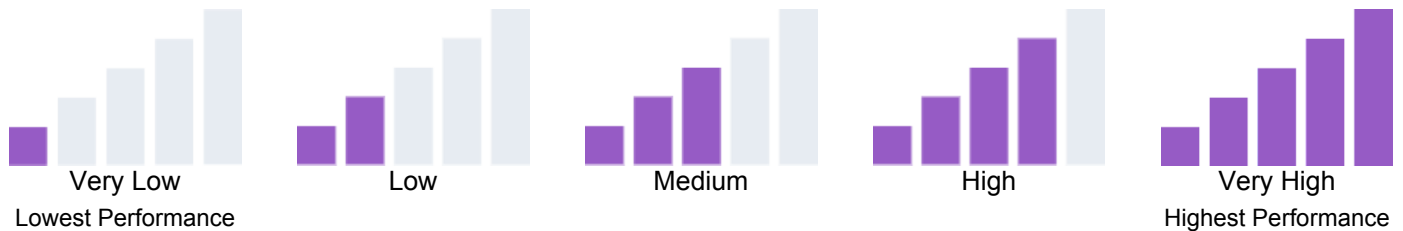

1. This is older data. We will analyze any updated dashboard data when it arrives.
2. The majority of our students are Hispanic @ over 72%
3. Our SWDs and ELs are nearly the same percentage of our population.

School and Student Performance Data

Overall Performance

Due to the COVID-19 pandemic, state law allows the 2022 Dashboard to only display the most current year of data (also known as Status). For this year only, performance levels will be reported using one of five Status levels (ranging from Very High, High, Medium, Low, and Very Low) for state measures. Please note that the Status levels associated with the Chronic Absenteeism and Suspension Rate Indicators are reversed (ranging from Very Low, Low, Medium, High, and Very High). Information regarding this year's Dashboard data is available within the [Dashboard Communications Toolkit](#).

Because performance on state measures is based on current year (i.e., 2021-22) results only for the 2022 Dashboard, the color dials have been replaced with one of five Status levels (ranging from Very High, High, Medium, Low, and Very Low).

2022 Fall Dashboard Overall Performance for All Students

Conclusions based on this data:

1. Our Chronic Absenteeism is a major need for improvement at our site. It would be great if the site was provided with an Attendance Facilitator, instead of placing yet another burden upon the principal (with no support).
2. We are working diligently on providing "positive incentives and recognition" to help develop a positive student culture, while reducing suspensions and incidents simultaneously. The best way to achieve this is a school-wide

initiative that ultimately improves students connections to each other and the staff, by making school more relevant and enjoyable for all of our students.

3. Math & ELA are also areas of need.

This section provides number of student groups in each level.

This section provides a view of how well students are meeting grade-level standards on the English Language Arts assessment. This measure is based on student performance on either the Smarter Balanced Summative Assessment or the California Alternate Assessment, which is taken annually by students in grades 3–8 and grade 11.

2022 Fall Dashboard English Language Arts Performance by Race/Ethnicity

This section provides additional information on distance from standard for current English learners, prior or Reclassified English learners, and English Only students in English Language Arts.

Conclusions based on this data:

1. The majority of our learners fall within the LOW category.
2. EL and RFEP students are also sometimes classified as socioeconomically disadvantaged. We need to establish impactful long term supports to address both the language and socioeconomic needs of these students.
3. Overall , our students are performing LOW in ELA

Current English Learner	Reclassified English Learners	English Only
138.3 points below standard 98 Students	44.1 points below standard 158 Students	36.1 points below standard 713 Students

Conclusions based on this data:

- The majority of our students are in the LOW rating. We look to move each of these groups forward next year.
- Our students with disabilities (LOW) would benefit from a more blended program to get instruction made more comprehensible for them, and a plan is underway to achieve that with a Collaborative Scholars Group or Tutorials for All.

3. Our White students performed at MEDIUM.

2022 Fall Dashboard English Learner Progress Indicator

This section provides a view of the percentage of current EL students who progressed at least one ELPI level, maintained ELPI level 4, maintained lower ELPI levels (i.e, levels 1, 2L, 2H, 3L, or 3H), or decreased at least one ELPI Level.

2022 Fall Dashboard Student English Language Acquisition Results

20.4%	28.6%	2.0%	49.0%

Conclusions based on this data:

1. The data showing 20.4% dropped show an area of need and focus. This is lower than last year.
2. Nearly 50% progress rate is positive.

-
-
3. We would like to decrease the number of students that "decreased by one level", while increasing "Maintained or Progressed One Level" status.

Academic Performance College/Career Report

College/Career data provides information on whether high school students are prepared for success after graduation based on measures like graduation rate, performance on state tests, and college credit courses. College/Career data was not reported in 2022.

Conclusions based on this data:

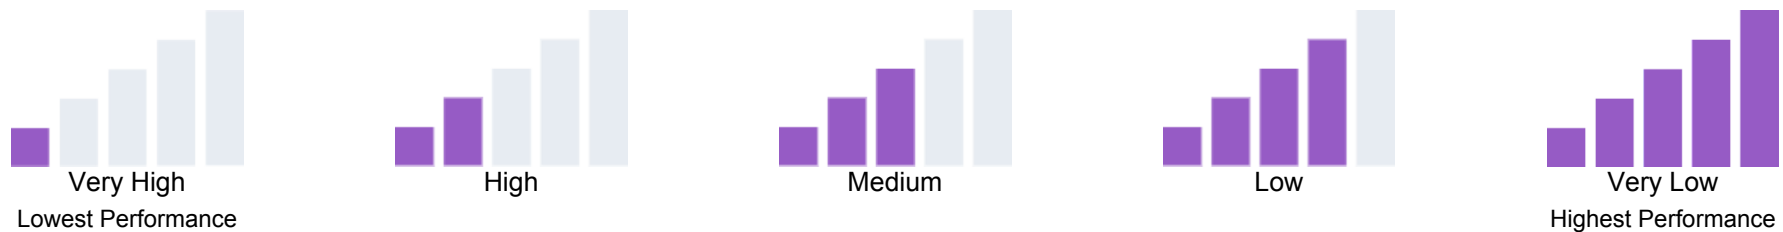

1. As an AVID school, we regularly discuss the College Life, Going to College, Getting into College, A-G requirements, etc. We will continue this strategy.
2. There is no data to base a conclusion.
3. This is a district and HS goal

2022 Fall Dashboard Chronic Absenteeism for All Students/Student Group

2022 Fall Dashboard Chronic Absenteeism by Race/Ethnicity

Conclusions based on this data:

1. The chronic absenteeism rate for our "students with disabilities" is understandable, as many of our Severely Handicapped students (SH) have physical frailty and have been out for medical treatment.
2. The rate of the Two or more races is much higher than the rate than other subgroups.
3. We need to start next year holding meeting with this year's Chronic absent students to establish a plan, goals and regular check-ins. This will be prior to holding SART meetings, as a proactive approach.

2022 Fall Dashboard Suspension Rate for All Students/Student Group

2022 Fall Dashboard Suspension Rate by Race/Ethnicity

Conclusions based on this data:

1. Our diverse clientele are being treated equitably and no group is being suspended at a measurably higher rate than "all students".
2. We are going to adopt an Intervention Room for the 2023-2024 year. This will offer opportunities for In School suspension and interventions.
3. The suspension rate is too high, but we must have alternate means of corrections in place to help reduce these numbers. There needs to be a cultural shift around this data.

Evaluation

Complete a copy of the following table for each of the school's goals from the prior year SPSA. Duplicate the table as needed. Use actual annual measurable outcome data, including performance data from the California School Dashboard, as applicable.

Describe your evaluation of the level of implementation of each action/service to achieve the articulated goal.

Action #14: This was FULLY Implemented. To provide Extra Duty or Release Time for staff prior to the start-up of school, before school, during school, and/or after school for planning, meetings, leadership and staff development to support students improved achievement in Math, ELA and all other content areas, to include electives and extracurricular activities. This also includes planning time for the SPED teachers to review caseloads.

Action #15: This was FULLY Implemented. To provide funding for transportation, meals, substitute coverage, lodging, materials and registration for conferences, and professional development opportunities to support student achievement in ELA, Math, and all other content areas that targets closing the achievement gap. This could also include a presenter.

Action #16: This was FULLY Implemented. To provide funding for additional AVID tutors to maintain a 7:1 ratio of tutors to students.

Action #17: This was FULLY Implemented. To provide funding for site-wide student based activities via the Counseling Department.

Action #18: This was FULLY Implemented. To provide funding to purchase equipment/technology, including: LFD's, tablets, projectors, cameras, scientific instruments, music instruments, printers, and audiovisual systems to support student achievement, in all areas of the school where instruction, professional collaboration or student activities occur.

Action #19: This was PARTIALLY Implemented. We used ESSER funds to cover much of the costs for this goal. To provide funding to purchase technology, school supplies and instructional materials such as: LFDs, LCDs, Consumables, Student Organizational Binders, Notebooks, and other items that will support student achievement in ELA and Math.

Action #20: This was NEVER Implemented. We provided funding to support and provide parent outreach via Parent University. The district used their funds to pay for this, so we didn't need to utilize our funding.

Action #21: This was FULLY Implemented. To provide funding to support other non ELA/Math content areas to include: Science, I&S, F. Language, Electives and "The Arts" programs (Art, Music and Theater) with supplies and enhanced equipment, supplies and technology. This funding also includes student recognition awards (ribbons, medals, trophies, etc).

Action #22: This was FULLY Implemented. To provide Funding to support the Robotics Program.

Action #23: This was FULLY Implemented. To provide funding for software licenses to include Accelerated Reader, BrainPop, Edpuzzle, Nearpod, Teachers Pay Teachers, and/or other approved software programs to support student achievement.

Action #24: This was FULLY Implemented. To provide Staffing for before or after school tutoring to support at risk students in the areas of math and language arts instruction.

Action #25: This was NEVER Implemented (due to district funding). To provide a Summer Jumpstart Program: Ready Redhawks to support the academic and social emotional needs of our students prior to the beginning of the next school year.

Action #26: This was Partially Implemented (due to limited esports activities). To provide for a coach and/or advisor for the school's Esports Club. This will provide extra duty for the coach and/or advisor, during their time supporting the team.

Action #27: This was NEVER Implemented (due to ELOP funding for this).To provide Extra Duty Pay for the Drama Director and Music Director for student Theatrical performances.

Describe your evaluation of the effectiveness (Did it work?) of each action/service to achieve the articulated goal as measured by the school.

Action #14: This action was effective and needed to keep staff trained. To provide Extra Duty or Release Time for staff prior to the start-up of school, before school, during school, and/or after school for planning, meetings, leadership and staff development to support students improved achievement in Math, ELA and all other content areas, to include electives and extracurricular activities. This also includes planning time for the SPED teachers to review caseloads.

Action #15: This action was effective :(To provide funding for transportation, meals, substitute coverage, lodging, materials and registration for conferences, and professional development opportunities to support student achievement in ELA, Math, and all other content areas that targets closing the achievement gap. This could also include a presenter).

Action #16: This action was effective. It's a challenge to secure and keep quality AVID tutors: (To provide funding for additional AVID tutors to maintain a 7:1 ratio of tutors to students).

Action #17: This action was effective: (To provide funding for site-wide student based activities via the Counseling Department).

Action #18: This action was effective: (To provide funding to purchase equipment/technology, including: LFD's, tablets, projectors, cameras, scientific instruments, music instruments, printers, and audiovisual systems to support student achievement, in all areas of the school where instruction, professional collaboration or student activities occur).

Action #19: This action was effective: Esser funds we used for the majority of purchased items in this goal. (To provide funding to purchase technology, school supplies and instructional materials such as: LFDs, LCDs, Consumables, Student Organizational Binders, Notebooks, and other items that will support student achievement in ELA and Math).

Action #20: This action was effective: (The district provided funding to support and provide parent outreach).

Action #21: This action was effective: (To provide funding to support other non ELA/Math content areas to include: Science, I&S, F. Language, Electives and "The Arts" programs (Art, Music and Theater) with supplies and enhanced equipment, supplies and technology. This funding also includes student recognition awards (ribbons, medals, trophies, etc)).

Action #22: This action was effective: (To provide Funding to support the Robotics Program).

Action #23: This action was effective. We eliminated Accelerated Reader this year: (To provide funding for software licenses to include Accelerated Reader, BrainPop, Edpuzzle, Nearpod, Teachers Pay Teachers, and/or other approved software programs to support student achievement).

Action #24: This action was effective. It would be great to have more teacher and student participation: (To provide Staffing for before or after school tutoring to support at risk students in the areas of math and language arts instruction).

Action #25: This action was not utilized due to ELOP funding: (To provide a Summer Jumpstart Program to support the academic and social emotional needs of our students prior to the beginning of the next school year).

Action #26: This action was not fully utilized due to lack of Esports events: (Provide for a coach and/or advisor for the school's Esports Club. This will provide extra duty for the coach and/or advisor, during their time supporting the team).

Action #27: This action was not utilized due to ELOP funding: (Provide Extra Duty Pay for the Drama Director and Music Director for student Theatrical performances).

Explain material differences between Budgeted Expenditures for Categorical Funds and Estimated Actual Expenditures.

Any discrepancy within budgets is due to the extremely large amount of ESSER (Learning Loss) Funds and ELOP Funds. Both of these funding sources far exceeds all of my combined site funds. We pulled from those funds first.

Based on this evaluation, an analysis of the California School Dashboard, and the school's needs assessment, describe any changes made to this goal, to the expected outcomes, the metrics, or the actions and services to achieve this goal. Identify where those changes can be found in the SPSA.

We will be providing funding for a Certificated Intervention Instructor for 2023-2024. This will help to provide support for academic, social/emotional and behavioral needs of our students.

Goals, Actions, & Services

Complete a copy of the following table for each of the school's goals. Duplicate the table as needed.

Goal 3

All students will develop and consistently demonstrate responsible, respectful and ethical behavior in a safe, clean and orderly learning environment.

State Local Priorities addressed by this goal:

State Priorities: Priority 1: Basic (Conditions of Learning)
 Priority 3: Parental Involvement (Engagement)
 Priority 5: Pupil Engagement (Engagement)
 Priority 6: School Climate (Engagement)
 Priority 8: Other Pupil Outcomes (Pupil Outcomes)

Identified Need

Social and Emotional support is being provided to improve school safety and build a climate that is inclusive, safe with responsible student behaviors. We need to add additional SEL services to meet the needs of our students after being in Distance and Hybrid Learning during the pandemic.

Expected Annual Measurable Outcomes

(Include at least one metric/indicator for each priority checked above. Where performance gaps are identified, outcomes for student groups should demonstrate gap closure.)

Programs Included in this Plan

Enter the appropriate choice below for each state and federal program in which the school participates. Enter the amounts allocated for each program in which the school participates and, if applicable, indicate that the program's funds are being consolidated as part of operating a schoolwide program (SWP). The plan must describe the activities to be conducted at the school for each of the state and federal programs in which the school participates. The totals on these pages should match the cost estimates in the SPSA and the school's allocation from the ConApp.

Note: For many of the funding sources listed below, school districts may be exercising Categorical Program Provisions options (flexibility) with information available at <http://www.cde.ca.gov/fg/ac/co/documents/sbx34budgetflex.doc>
Of the four following options, please select the one that describes this school site.

Select from: This site operates a SWP but does not consolidate its funds as part of operating a SWP.

Federal Programs -- From the following options, please enter those from which the school receives funding. Include the allocation amount, and enter "yes" or "no" if the program is consolidated as part of the schoolwide program.

<p>Title I, Part A: Allocation Purpose: To improve basic programs operated by local educational agencies (LEAs). Title I, Part A: Parental Involvement (if applicable under Section 1118[a][3][c] of the Elementary and Secondary Education Act) Purpose: Ensure that parents have information they need to make well-informed choices for their children, more effectively share responsibility with their children's schools, and help schools develop effective and successful academic programs. (This is a reservation from the total Title I, Part A allocation). Title II, Part A: Improving Teacher Quality Purpose: Improve and increase the number of highly qualified teachers and principals. Title III, Part A: Language Instruction for Limited-English-Proficient (LEP) Students Purpose: Supplement language instruction to help LEP students attain English proficiency and meet academic performance standards. (Title III funds may not be consolidated as part of a SWP) Title VI, Part B: Rural Education Achievement Program Purpose: Provide flexibility in the use of ESEA funds to eligible LEAs. For School Improvement Schools only: School Improvement Grant (SIG) Purpose: to address the needs of schools in improvement, corrective action, and restructuring to improve student achievement. Other federal funds (list and describe). Create a new row for each separate program.</p>

Title III funds are not a school level allocation even if allocated by the district to a school site. The LEA is responsible for fiscal reporting and monitoring and cannot delegate their authority to a site at which the program is being implemented. If Title III funds are spent at a school site, they must be used only for the purposes of Title III and for those students the LEA has identified for services. For more information, please contact the Language Policy and Leadership Office at 916-319-0845.
