Principal's Message

Welcome to Jackson Elementary School - home of the Jackson Dragons! Our school's Vision and Mission are focused on nurturing success by educating the whole child and developing a solid academic foundation to ensure lifelong success and to prepare our scholars for middle school and beyond! Our school focuses on early literacy and has identified this area as a high-leverage strategy to ensure our students have the best opportunity to succeed.

We are proud to offer our students the ability to experience a differentiated core academic curriculum that meets diverse student needs and enriching opportunities to develop and foster a well-rounded student body. Jackson is proud to be one of the DSUSD schools offering a Dual Language Program in Spanish. In 2023-24, we expanded the program to 4th grade and will expand to 5th grade in the 2024-25 school year. Our STEM Lab is proud to offer students the ability to work with 3D Printers, robotics, coding, and virtual reality equipment. We implement PBIS Rewards at Jackson and strive to create and maintain positive relationships with all students on campus. The school culture at Jackson revolves around our school expectations: At Jackson, we are SAFE (protect self and others from harm), KIND (be friendly, helpful, generous, and considerate to others), RESPECTFUL (Treat others the way you/they would want to be treated), and RESPONSIBLE (Do the right thing even when no one is watching). Our school community strives to provide a safe, supportive environment and offer challenging and rigorous academic programs. Our after-school programs provide a wide variety of enrichment opportunities for our students; these programs include ELOP Clubs/Classes (i.e., Cooking/Baking class, Baile Folklorico, Photography/Yearbook Club, Garden Club, Mariachi, Soccer, and Fitness Club), ASES, Battle of the Books, Math Field Day and so much more!

The teaching and instructional staff at Jackson is composed of highly qualified, dedicated professionals who actively engage in the professional learning community model, which provides a system for grade-level teams to share best first practices, make data-driven decisions, plan differentiated instruction that is engaging, rigorous, and provides appropriate support for students. Our Guiding Coalition comprises grade-level representatives and support staff members, leads staff meetings and professional development opportunities, and actively engages in program improvement work for our school. They have taken on a leadership role on our campus by developing and supporting our school's Vision and Mission, exemplifying a growth mindset, and becoming transformational leaders!

At Jackson, we believe in fostering effective home-to-school partnerships. We strive to have our parents, teachers, and community members actively involved in our students' education. We provide information through Back to School Night, various parent workshops, parent information nights, DLI Family Nights, Parent/Family conferences, PTO, Tea & Coffee with Ms. Tijerina, ELAC, SSC, YouTube videos, School Messenger, School Website/ Social Media, Newsletters, Class Dojo and family events such as Winter/Spring Festivals and student performances. We encourage all parents to complete a volunteer form and get involved at Jackson!

Andrew Jackson is committed to creating an inclusive, equitable, culturally aware, and safe school environment that supports student learning and academic success while providing a meaningful, caring, and positive experience for all our Dragon scholars. At Jackson Elementary, we are Safe, Kind, Respectful, and Responsible. Welcome to our extraordinary learning community!

Physical Fitness

In the spring of each year, Andrew Jackson Elementary School is required by the state to administer a physical fitness test to all students in grade five. The physical fitness test (PFT) for students in California schools is the FITNESSGRAM. The main goal of the test is to help students in starting life-long habits of regular physical activity.

The FITNESSGRAM has six parts, though California currently requires five parts be completed annually, that show a level of fitness that offer a degree of defense against diseases that come from inactivity. The test results can be used by students, teachers, and parents. Comparative District and state results can be found at the CDE's web site www.cde.ca.gov/ta/tg/pf.

Physical Fitness Test Percentage of Students Meeting California Fitness Standards 2022-23					
Grade	Component 1: Aerobic Capacity	Component 2: Abdominal Strength and Endurance	Component 3: Trunk Extensor and Flexibility	Component 4: Upper Body Strength and Endurance	Component 5: Flexibility
5	96.19%	95.24%	97.14%	97.14%	98.1%

Note: Double dashes (--) appear in the table when the number of students is ten or fewer, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

In the administration of the PFT during 2021-22 and 2022-23 school years, only participation results are required for these five fitness areas.

California Assessment of Student Performance and Progress

The California Assessment of Student Performance and Progress (CAASPP) System includes the Smarter Balanced Summative Assessments (SBAC) for students in the general education population, and the California Alternate Assessments (CAAs) for students with the most significant cognitive disabilities. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternative achievement standards, which are linked with the Common Core State Standards (CCSS). CAASPP results are a measure of how well students are mastering California's standards in English language arts/literacy (ELA) and mathematics, and are given to grades three through eight and grade eleven. SBAC tests assess student performance in ELA/Literacy and mathematics utilizing computer-adaptive tests and performance tasks, and CAAs test items are aligned with alternative achievement standards which are linked with the Common Core State Standards (CCSS).

The CAASPP results shown in this report include overall results comparing the school, district and state scores as well as the school's overall score in each applicable subgroup. Results are shown only for subgroups with ten students or more taking the exam. For those categories that are blank in the tables, no students met subgroup criteria. More information on CAASPP can be found on the California Department of Education's website www.cde.ca.gov/ta/tg/ca/.

CAASPP Test Results in ELA and Mathematics - All Students

Note: Double dashes (--) appear in the table when the number of students is ten or fewer, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Local Control Accountability Plan (LCAP)

As part of the new Local Control Funding Formula, school districts are required to develop, adopt, and annually update a three-year Local Control and Accountability Plan (LCAP). The following components of this SARC address some of the priorities identified in the District's LCAP:

Conditions of Learning (Basic Services) – State Priority 1: Degree to which teachers are appropriately assigned and fully credentialed in the subject areas and for the pupils they are teaching; pupils have access to standards-aligned instructional materials and school facilities are maintained in good repair. Covered in Teacher Preparation and Placement, including the Teacher Credentials & Misassignments chart; Instructional Materials, including the Textbooks chart; and School Facilities & Maintenance, including the Campus Description and School Facility Good Repair Status charts.

Conditions of Learning (Implementation of State Standards) – State Priority 2: Implementation of academic content and performance standards adopted by the state board for all pupils. Not covered in the School Accountability Report Card.

Parental Involvement – State Priority 3: Efforts to seek parent input in decision making, promotion of parent participation in programs for unduplicated pupils and special need subgroups. Covered in Parent Involvement.

Pupil Achievement – State Priority 4: Performance on standardized tests, score on Academic Performance Index, share of pupils that are college and career ready, share of English learners that become English proficient, English learner reclassification rate, share of pupils that pass Advanced Placement exams with a 3 or higher, and share of pupils determined prepared for college by the Early Assessment Program. Covered in California Assessment of Student Performance and Progress, including the CAASPP charts.

Engagement (Pupil Engagement) – State Priority 5: School attendance rates, chronic absenteeism rates, middle school dropout rates, high school dropout rates, and high school graduation rates. Covered in Dropout & Graduation Rates, including the Dropout chart; and Graduation Requirements, including the Graduation Rate chart for high schools only.

School Climate – State Priority 6: Pupil suspension rates, pupil expulsion rates, other local measures including surveys of pupils, and parents and teachers on the sense of safety and school connectedness. Covered in Discipline & Climate for Learning, including Suspension & Expulsion chart; and School Site Safety Plan.

Conditions of Learning (Course Access) – State Priority 7: Pupil enrollment in a broad course of study that includes all of the subject areas. Not covered in the School Accountability Report Card.

Other Pupil Outcomes – State Priority 8: Pupil outcomes in the subject areas. Covered in Physical Fitness, including the Physical Fitness Test chart.

Parent Involvement

Parents are encouraged to get involved in their child's learning environment either by volunteering in the classroom, participating in a decision-making group, or simply attending school events.

Parents stay informed on upcoming events and school activities through flyers, the school marquee, school newsletters, the school website, and Facebook. Contact the school office at (760) 775-3830 for more information on how to become involved in your child's learning environment.

School Facilities & Maintenance

The district takes great efforts to ensure that all schools are clean, safe, and functional through proper facilities maintenance and campus supervision. Andrew Jackson Elementary School's original facilities were built in 1956; ongoing maintenance and campus improvements ensure facilities remain up to date and provide adequate space for students and staff. District maintenance and site custodial staff ensure that the repairs necessary to keep the school in good condition are completed in a timely manner. A work order process is used by school and district staff to communicate non-routine maintenance requests. Campus repairs or improvements completed within the last 12 months include:

- Addition of six new portables
- New portable that contains student restrooms
- Installation of a campus surveillance system
- Installation of a misting system
- Installation of privacy mesh on fencing around the campus
- Campus beautification in the TK yard

Every morning before school begins, the custodian inspects facilities for safety hazards or other conditions that need attention prior to students and staff entering school grounds. One day custodian and one evening custodian are assigned to Andrew Jackson Elementary School. The day custodian is responsible for:

- Cafeteria setup/cleanup
- Office area cleaning
- Restroom cleaning

Restrooms are checked throughout the day for cleanliness and subsequently cleaned as needed. The evening custodian is responsible for:

- Classroom cleaning
- Restroom cleaning
- Event setup/cleanup

The principal communicates with custodial staff daily concerning maintenance and school safety issues.

Facilities Inspection

The district's maintenance department inspects Andrew Jackson Elementary School on an annual basis in accordance with Education Code §17592.72(c)(1). Andrew Jackson Elementary School uses a school site inspection survey to identify unsafe or hazardous conditions and facility improvement needs. The most recent school inspection took place on Tuesday, October 24, 2023. Deficiencies noted in the school inspection survey were corrected immediately by the district's maintenance department. During fiscal year 2023-24, all restrooms were fully functional and available for student use at the time of the inspection.

Rating Description

Good: The school is maintained in good repair with a number of non-critical deficiencies noted. These deficiencies are isolated, and/or result from minor wear and tear, and/or are in the process of being mitigated.

Campus Supervision

School administration and teaching staff place a high priority on providing adequate adult supervision on campus before, during, and after school. As students arrive on campus each morning, the principal, assistant principal, teachers, a campus security guard, support staff, and school site monitors are strategically assigned to designated entrance areas and the playground. During recess, assistant principal, teachers, and school site monitors supervise playground activity. The principal, assistant principal, and school site monitors monitor lunch time activity in the cafeteria and on the playground. At the end of the day when students are dismissed, the principal, assistant principal, and school site monitors monitor student behavior to ensure a safe and orderly departure.

Andrew Jackson Elementary School is a closed campus. During school hours, all visitors must sign in at the school's office with a valid state issued identification to be scanned through the Raptor Security System and wear an identification sticker while on school grounds. They must then check out at the school office upon exit from the school site.

School Site Safety Plan

The Comprehensive School Site Safety Plan was developed for Andrew Jackson Elementary School in collaboration with local agencies and the district office to fulfill Senate Bill 187 requirements. Components of this plan include child abuse reporting procedures, teacher notification of dangerous pupil procedures, disaster response procedures, procedures for safe arrival and departure from school, sexual harassment policy, and dress code policy. The school's most recent school safety plan will be reviewed, updated, and discussed with school staff by March 1, 2024.

Classroom Environment

Discipline & Climate for Learning

Andrew Jackson Elementary School's discipline practices and behavior management strategies comply with approved board policies and are designed to create effective learning environments and minimize classroom disruptions. Progressive discipline and proactive measures are employed in the classroom for those students experiencing difficulty following school rules and demonstrating positive behavior. Disciplinary intervention is managed by school administrators in a fair, firm, and consistent manner based upon the nature of each situation. PBIS rewards and restorative practices are also implemented at Andrew Jackson Elementary School.

Pupil Engagement

Chronic Absenteeism

The following table identifies the chronic absenteeism rates by student group for Andrew Jackson Elementary School for the 2022-23 school year. A "chronic absentee" has been defined in EC Section 60901(c)(1) as "a pupil who is absent on 10 percent or more of the school days in the school year when the total number of days a pupil is absent is divided by the total number of days the pupil is enrolled and school was actually taught in the regular day schools of the district, exclusive of Saturdays and Sundays."

Curriculum & Instruction

Staff Development

All training and curriculum development activities at Andrew Jackson Elementary School revolve around the California State Content Standards and Frameworks. During the 2022-23 school year, Andrew Jackson Elementary School held staff development training devoted to:

- Thinking Maps
- Instructional Strategies
- Checking for Understanding Strategies
- Best Practices
- English Learners / Language Frames Structures
- Student Engagement Structures (Kagan)
- Guided Language Acquisition and Design (GLAD)
- Advancement Via Individual Determination (AVID)
- Restorative Practices
- Technology Training

Decisions concerning selection of staff development activities are performed by all staff using tools such as teacher input and data analysis to determine the areas in which additional teacher training may enhance classroom instruction and increase student achievement levels. Andrew Jackson Elementary School supports ongoing professional growth throughout the year on early release days, by sending teachers to outside training, and during weekly PLC meetings. Teachers meet in grade level teams to conduct data analysis to identify areas of need. Teaching staff are provided the opportunity to participate in district-sponsored staff development workshops or training sessions as 1) a supplement to site-based staff development, 2) for reinforcement of or follow-up on previous training, or 3) follow-up training for newly implemented programs/curricula.

During the 2021-22, 2022-23, and 2023-24 school years, Andrew Jackson Elementary School's teachers had the opportunity to attend the following events hosted by the Desert Sands Unified School District:

Instructional Materials

All textbooks used in the core curriculum at Andrew Jackson Elementary School are aligned to the California Content Standards and Frameworks. Instructional materials are selected from the state's most recent list of standards-based materials and adopted by the State Board of Education. The district follows the State Board of Education's eight-year adoption cycle for core content materials (English/language arts, math, science, and social science).

On Tuesday, October 03, 2023, the Desert Sands Unified School District's Board of Education held a public hearing to certify the extent to which textbooks and instructional materials have been provided to students. The Board of Education adopted Resolution No. 08/2023-2024 which certifies as required by Education Code §60119 (1) that textbooks and instructional materials were provided to all students, including English learners, in the district to the extent that each pupil has a textbook or instructional materials, or both, to use in class and to take home, and (2) sufficient textbooks and instructional materials were provided to each student, including English learners, that are aligned to the academic content standards and consistent with the cycles and content of the curriculum frameworks in math, science, history-social science, and English/language arts.

In addition to core subject areas, districts are required to disclose in their SARCs the sufficiency of instructional materials used for their visual/performing arts curricula. During the 2023-24 school year, Desert Sands Unified School District provided each student, including English learners, enrolled in a visual/performing arts class with a textbook or instructional materials to use in class and to take home. These materials complied with the state's content standards and curriculum frameworks.

Professional Staff

Counseling & Support Staff

Andrew Jackson Elementary School provides professional, highly qualified staff that provide additional services and support centered on the whole student academically, physically, and mentally. The Counseling and Support Services table in this report illustrates the availability of non-instructional support staff to Andrew Jackson Elementary School's students. Full-time equivalent (FTE) is a standard measurement used to identify an employee's regular work load on a weekly basis. For example, an FTE of 1.0 designates a full-time position and the employee is on campus and available all day every day of the week; an FTE of 0.5 indicates that the staff member is available and on campus a portion (50%) of the week.

Academic Counselors & Other Support Staff (Nonteaching Professional Staff) 2022-23

SARC Data

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <http://dq.cde.ca.gov/dataquest/> that contains additional information about Andrew Jackson Elementary School and comparisons of the school to the district and the county. DataQuest is a dynamic system that provides reports for school accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation and the ability to print documents.

Disclosure

The statistical information disclosed in this report is obtained from the California Department of Education and the Desert Sands Unified School District. At the time of publication, this report met all SARC-related state and federal requirements, using the most current data available. Data to prepare the instructional materials section were acquired in October 2023. Data to prepare the school facilities section were acquired in January 2024.
