Reflecting on our School Accountability Report Card is not just about numbers; it's highlighting our commitment to fostering a positive school climate and culture through the many curricular and extracurricular opportunities we offer our students and families. We believe in creating a sense of belonging where every student feels seen, heard, and connected to all aspects of school life. Our dedicated staff go beyond imparting knowledge and creating a safe and welcoming learning environment; they create a sense of belonging where students feel supported, valued, and understood. Our commitment to AVID Schoolwide, STEAM integration, equitable practices, and the PLC process is not just a strategy—it's a reflection of the genuine care our staff has for each student's growth and success. With a focus on college, career, and life readiness, we are not only shaping minds but also nurturing hearts. Together, as a school community, we honor a positive school climate and culture. We aim to cultivate an environment that not only nurtures academic growth but also instills values of PRIDE—Professionalism, Respect, Integrity, Determination, and Empathy. ## Student Achievement

### Physical Fitness

In the spring of each year, La Quinta Middle School is required by the state to administer a physical fitness test to all students in grade seven. The physical fitness test (PFT) for students in California schools is the FITNESSGRAM. The main goal of the test is to help students in starting life-long habits of regular physical activity.

The FITNESSGRAM has six parts, though California currently requires five parts be completed annually, that show a level of fitness that offer a degree of defense against diseases that come from inactivity. The test results can be used by students, teachers, and parents. Comparative District and state results can be found at the CDE's web site [www.cde.ca.gov/ta/tg/pf](http://www.cde.ca.gov/ta/tg/pf).

Physical Fitness Test Percentage of Students Meeting California Fitness Standards 2022-23					
Grade	Component 1: Aerobic Capacity	Component 2: Abdominal Strength and Endurance	Component 3: Trunk Extensor and Strength and Flexibility	Component 4: Upper Body Strength and Endurance	Component 5: Flexibility
7	76.21%	89.92%	91.13%	87.9%	92.74%

Note: Double dashes (--) appear in the table when the number of students is ten or fewer, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

In the administration of the PFT during 2021-22 and 2022-23 school years, only participation results are required for these five fitness areas.

## California Assessment of Student Performance and Progress

The California Assessment of Student Performance and Progress (CAASPP) System includes the Smarter Balanced Summative Assessments (SBAC) for students in the general education population, and the California Alternate Assessments (CAAs) for students with the most significant cognitive disabilities. Only eligible students may participate in the administration of the CAAs. CAAs

items are aligned with alternative achievement standards, which are linked with the Common Core State Standards (CCSS). CAASPP results are a measure of how well students are mastering California's standards in English language arts/literacy (ELA) and mathematics, and are given to grades three through eight and grade eleven. SBAC tests assess student performance in ELA/Literacy and mathematics utilizing computer-adaptive tests and performance tasks, and CAAs test items are aligned with alternative achievement standards which are linked with the Common Core State Standards (CCSS).

The CAASPP results shown in this report include overall results comparing the school, district and state scores as well as the school's overall score in each applicable subgroup. Results are shown only for subgroups with ten students or more taking the exam. For those categories that are blank in the tables, no students met subgroup criteria. More information on CAASPP can be found on the California Department of Education's website [www.cde.ca.gov/ta/tg/ca/](http://www.cde.ca.gov/ta/tg/ca/).

ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

## Local Control Accountability Plan (LCAP)

As part of the new Local Control Funding Formula, school districts are required to develop, adopt, and annually update a three-year Local Control and Accountability Plan (LCAP). The following components of this SARC address some of the priorities identified in the District's LCAP:

Conditions of Learning (Basic Services) – State Priority 1: Degree to which teachers are appropriately assigned and fully credentialed in the subject areas and for the pupils they are teaching; pupils have access to standards-aligned instructional materials and school facilities are maintained in good repair. Covered in Teacher Preparation and Placement, including the Teacher Credentials & Misassignments chart; Instructional Materials, including the Textbooks chart; and School Facilities & Maintenance, including the Campus Description and School Facility Good Repair Status charts.

Conditions of Learning (Implementation of State Standards) – State Priority 2: Implementation of academic content and performance standards adopted by the state board for all pupils. Not covered in the School Accountability Report Card.

Parental Involvement – State Priority 3: Efforts to seek parent input in decision making, promotion of parent participation in programs for unduplicated pupils and special need subgroups. Covered in Parent Involvement.

Pupil Achievement – State Priority 4: Performance on standardized tests, score on Academic Performance Index, share of pupils that are college and career ready, share of English learners that become English proficient, English learner reclassification rate, share of pupils that pass Advanced Placement exams with a 3 or higher, and share of pupils determined prepared for college by the Early Assessment Program. Covered in California Assessment of Student Performance and Progress, including the CAASPP charts.

Engagement (Pupil Engagement) – State Priority 5: School attendance rates, chronic absenteeism rates, middle school dropout rates, high school dropout rates, and high school graduation rates. Covered in Dropout & Graduation Rates, including the Dropout chart; and Graduation Requirements, including the Graduation Rate chart for high schools only.

School Climate – State Priority 6: Pupil suspension rates, pupil expulsion rates, other local measures including surveys of pupils, and parents and teachers on the sense of safety and school connectedness. Covered in Discipline & Climate for Learning, including Suspension & Expulsion chart; and School Site Safety Plan.

Conditions of Learning (Course Access) – State Priority 7: Pupil enrollment in a broad course of study that includes all of the subject areas. Not covered in the School Accountability Report Card.

Other Pupil Outcomes – State Priority 8: Pupil outcomes in the subject areas. Covered in Physical Fitness, including the Physical Fitness Test chart.

## Parent Involvement

Parents are encouraged to get involved in their child's learning environment either by volunteering in the classroom, participating in a decision-making group, or simply attending school events.

Parents stay informed on upcoming events and school activities through email, flyers, school newsletters, the school website, and School Messenger (automated telephone message delivery system). Contact the school office at (760) 777-4220 for more information on how to become involved in your child's learning environment.

## School Facilities & Maintenance

The district takes great efforts to ensure that all schools are clean, safe, and functional through proper facilities maintenance and campus supervision. La Quinta Middle School's original facilities were built in 1989; full modernization of campus was started in 2016 and completed in 2017. Ongoing maintenance and campus improvements ensure facilities remain up to date and provide adequate space for students and staff. District maintenance and site custodial staff ensure that the repairs necessary to keep the school in good condition are completed in a timely manner. A work order process is used by school and district staff to communicate non-routine maintenance requests. Emergency repairs are given the highest priority.

Every morning before school begins, the custodian inspects facilities for safety hazards or other conditions that need attention prior to students and staff entering school grounds. One day custodian and two evening custodians are assigned to La Quinta Middle School. The day custodian is responsible for:

- Classroom cleaning
- Cafeteria setup/cleanup
- Office area cleaning
- Restroom cleaning
- Lunch area cleaning

Restrooms are checked throughout the day for cleanliness and subsequently cleaned as needed. The evening custodian is responsible for:

- Classroom cleaning
- Cleaning desktops and whiteboards
- Restroom cleaning
- Lunch area cleaning
- Kitchen cleaning

The principal communicates with custodial staff daily concerning maintenance and school safety issues.

## Facilities Inspection

The district's maintenance department inspects La Quinta Middle School on an annual basis in accordance with Education Code §17592.72(c)(1). La Quinta Middle School uses a school site inspection survey to identify unsafe or hazardous conditions and facility improvement needs. The most recent school inspection took place on Wednesday, November 08, 2023. No emergency repairs were needed and no unsafe conditions were found. During fiscal year 2023-24, all restrooms were fully functional and available for student use at the time of the inspection.

### Rating Description

*Exemplary: The school meets most or all standards of good repair. Deficiencies noted, if any, are not significant and/or impact a very small area of the school.*

## Campus Supervision

School administration and teaching staff place a high priority on providing adequate adult supervision on campus before, during, and after school. As students arrive on campus each morning, campus security officers and the administrative team patrol the campus, entrance areas, and designated common areas. Campus security officers and the administrative team monitor lunch time activity in the cafeteria and common student activity areas. At the end of the day when students are dismissed, campus security officers and the administrative team monitor student behavior and ensure students either leave campus or travel to after-school activities in a safe and orderly manner.

La Quinta Middle School is a closed campus. During school hours, all visitors must sign in at the school's office with a valid state issued identification to be scanned through the Raptor Security System and wear an identification sticker while on school grounds. They must then check out at the school office upon exit from the school site.

## School Site Safety Plan

The Comprehensive School Site Safety Plan was developed for La Quinta Middle School in collaboration with local agencies and the district office to fulfill Senate Bill 187 requirements. Components of this plan include child abuse reporting procedures, teacher notification of dangerous pupil procedures, disaster response procedures, procedures for safe arrival and departure from school, sexual harassment policy, and dress code policy. The school's most recent school safety plan will be reviewed, updated, and discussed with school staff by March 1, 2024.

## Classroom Environment

### Discipline & Climate for Learning

La Quinta Middle School's discipline practices and behavior management strategies comply with approved board policies and are designed to create effective learning environments and minimize classroom disruptions. Progressive discipline and proactive measures are employed in the classroom for those students experiencing difficulty following school rules and demonstrating positive behavior. Disciplinary intervention is managed by school administrators in a fair, firm, and consistent manner based upon the nature of each situation.

# Curriculum & Instruction

## Staff Development

All training and curriculum development activities at La Quinta Middle School revolve around the California State Content Standards and Frameworks. During the 2022-23 school year, La Quinta Middle School held staff development training devoted to:

- i-Ready

- Advancement Via Individual Determination (AVID)
- Professional Learning Communities (PLCs)
- Collaborative Teams Utilizing the PLC Process

Decisions concerning selection of staff development activities are performed by all staff using tools such as teacher input and data analysis to determine the areas in which additional teacher training may enhance classroom instruction and increase student achievement levels. La Quinta Middle School supports ongoing professional growth throughout the year on late start days. Teachers meet in both grade level and department level teams to conduct data analysis to identify areas of need. Teaching staff are provided the opportunity to participate in district-sponsored staff development workshops or training sessions as 1) a supplement to site-based staff development, 2) for reinforcement of or follow-up on previous training, or 3) follow-up training for newly implemented programs/curricula.

During the 2021-22, 2022-23, and 2023-24 school years, La Quinta Middle School's teachers had the opportunity to attend the following events hosted by the Desert Sands Unified School District:

## Instructional Materials

All textbooks used in the core curriculum at La Quinta Middle School are aligned to the California Content Standards and Frameworks. Instructional materials are selected from the state's most recent list of standards-based materials and adopted by the State Board of Education. The district follows the State Board of Education's eight-year adoption cycle for core content materials (English/language arts, math, science, and social science).

On Tuesday, October 03, 2023, the Desert Sands Unified School District's Board of Education held a public hearing to certify the extent to which textbooks and instructional materials have been provided to students. The Board of Education adopted Resolution No. 08/2023-2024 which certifies as required by Education Code §60119 (1) that textbooks and instructional materials were provided to all students, including English learners, in the district to the extent that each pupil has a textbook or instructional materials, or both, to use in class and to take home, and (2) sufficient textbooks and instructional materials were provided to each student, including English learners, that are aligned to the academic content standards and consistent with the cycles and content of the curriculum frameworks in math, science, history-social science, and English/language arts.

In addition to core subject areas, districts are required to disclose in their SARCS the sufficiency of instructional materials used for their visual/performing arts curricula. During the 2023-24 school year, Desert Sands Unified School District provided each student, including English learners, enrolled in a visual/performing arts class with a textbook or instructional materials to use in class and to take home. These materials complied with the state's content standards and curriculum frameworks.
