## Physical Fitness

In the spring of each year, Carrillo Ranch Elementary School is required by the state to administer a physical fitness test to all students in grade five. The physical fitness test (PFT) for students in California schools is the FITNESSGRAM. The main goal of the test is to help students in starting life-long habits of regular physical activity.

The FITNESSGRAM has six parts, though California currently requires five parts be completed annually, that show a level of fitness that offer a degree of defense against diseases that come from inactivity. The test results can be used by students, teachers, and parents. Comparative District and state results can be found at the CDE's web site [www.cde.ca.gov/ta/tg/pf](http://www.cde.ca.gov/ta/tg/pf).

Physical Fitness Test Percentage of Students Meeting California Fitness Standards 2021-22					
Grade	Component 1: Aerobic Capacity	Component 2: Abdominal Strength and Endurance	Component 3: Trunk Extensor and Strength and Flexibility	Component 4: Upper Body Strength and Endurance	Component 5: Flexibility
5	95.24	89.52	93.33	90.48	95.24

Note: Due to changes to the 2021-22 PFT administration, only participation results are required for these five fitness areas.

Percentages are not calculated and double dashes (--) appear in the table when the number of students tested is ten or fewer, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

## California Assessment of Student Performance and Progress

The California Assessment of Student Performance and Progress (CAASPP) System includes the Smarter Balanced Summative Assessments (SBAC) for students in the general education population, and the California Alternate Assessments (CAAs) for students with the most significant cognitive disabilities. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternative achievement standards, which are linked with the Common Core State Standards (CCSS). CAASPP results are a measure of how well students are mastering California's standards in English language arts/literacy (ELA) and mathematics, and are given to grades three through eight and grade eleven. SBAC tests assess student performance in ELA/Literacy and mathematics utilizing computer-adaptive tests and performance tasks, and CAAs test items are aligned with alternative achievement standards which are linked with the Common Core State Standards (CCSS).

The CAASPP results shown in this report include overall results comparing the school, district and state scores as well as the school's overall score in each applicable subgroup. Results are shown only for subgroups with ten students or more taking the exam. For those categories that are blank in the tables, no students met subgroup criteria. More information on CAASPP can be found on the California Department of Education's website [www.cde.ca.gov/ta/tg/ca/](http://www.cde.ca.gov/ta/tg/ca/).

CAASPP Test Results in ELA and Mathematics - All Students						
	Percent of Students Meeting or Exceeding State Standards					
	School		District		State	
	20-21	21-22	20-21	21-22	20-21	21-22

Mathematics (grades 3-8 and 11)	N/A	16.0	N/A	25.0	33.8	33.0

Note: The 2020-2021 data cells have N/A values because these data are not comparable to other year data due to the COVID-19 pandemic during the 2020-2021 school year. Where the CAASPP assessments in ELA and/or mathematics is not the most viable option, the LEAs were allowed to administer local assessments. Therefore, the 2020-2021 data between school years for the school, district, state are not an accurate comparison. As such, it is inappropriate to compare results of the 2020-2021 school year to other school years.

Percentages are not calculated when the number of students tested is ten or fewer, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Double dashes (--) appear in the table when the number of students is ten or fewer, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

## Local Control Accountability Plan (LCAP)

As part of the new Local Control Funding Formula, school districts are required to develop, adopt, and annually update a three-year Local Control and Accountability Plan (LCAP). The following components of this SARC address some of the priorities identified in the District's LCAP:

Conditions of Learning (Basic Services) – State Priority 1: Degree to which teachers are appropriately assigned and fully credentialed in the subject areas and for the pupils they are teaching; pupils have access to standards-aligned instructional materials and school facilities are maintained in good repair. Covered in *Teacher Preparation and Placement*, including the Teacher Credentials & Misassignments chart; *Instructional Materials*, including the Textbooks chart; and *School Facilities & Maintenance*, including the Campus Description and School Facility Good Repair Status charts.

Conditions of Learning (Implementation of State Standards) – State Priority 2: Implementation of academic content and performance standards adopted by the state board for all pupils. Not covered in the School Accountability Report Card.

Other Pupil Outcomes – State Priority 8: Pupil outcomes in the subject areas. Covered in *Physical Fitness*, including the Physical Fitness Test chart.

## Parent Involvement

Parents are encouraged to get involved in their child's learning environment either by volunteering or participating in a decision-making group.

Parents stay informed on upcoming events and school activities through school newsletters, the school marquee, the school website, optional teacher emails for parents who subscribe, Twitter, weekly page preview via email/text message, and the School Messenger (automated telephone message delivery system). Contact the school office at (760) 238-9700 for more information on how to become involved in your child's learning environment.

## School Facilities & Maintenance

The district takes great efforts to ensure that all schools are clean, safe, and functional through proper facilities maintenance and campus supervision. Carrillo Ranch Elementary School's original facilities were built in 2005; ongoing maintenance and campus improvements ensure facilities remain up to date and provide adequate space for students and staff. District maintenance and site custodial staff ensure that the repairs necessary to keep the school in good condition are completed in a timely manner. A work order process is used by school and district staff to communicate non-routine maintenance requests.

Every morning before school begins, the custodian inspects facilities for safety hazards or other conditions that need attention prior to students and staff entering school grounds. One day custodian and one evening custodian are assigned to Carrillo Ranch Elementary School. The day custodian is responsible for:

- Classroom cleaning
- Cafeteria setup/cleanup
- Office area cleaning
- Restroom cleaning

Restrooms are checked throughout the day for cleanliness and subsequently cleaned as needed. The evening custodian is responsible for:

- Classroom cleaning
- Office area cleaning

The principal communicates with custodial staff daily concerning maintenance and school safety issues.

### Facilities Inspection

The district's maintenance department inspects Carrillo Ranch Elementary School on an annual basis in accordance with Education Code §17592.72(c)(1). Carrillo Ranch Elementary School uses a school site inspection survey to identify unsafe or hazardous conditions and facility improvement needs. The most recent school inspection took place on Tuesday, November 15, 2022. No emergency repairs were needed and no unsafe conditions were found. During fiscal year 2022-23, all restrooms were fully functional and available for student use at the time of the inspection.

#### Rating Description

Exemplary: The school meets most or all standards of good repair. Deficiencies noted, if any, are not significant and/or impact a very small area of the school.

### Campus Supervision

School administration and teaching staff place a high priority on providing adequate adult supervision on campus before, during, and after school. As students arrive on campus each morning, the principal, staff, and school site monitors are strategically assigned to designated entrance areas. During recess, teachers supervise playground activity. The principal and school site monitors supervise lunch time activity in the cafeteria and on the playground. At the end of the day when students are dismissed, the principal, staff, and school site monitors monitor student behavior to ensure a safe and orderly departure.

Carrillo Ranch Elementary School is a closed campus. During school hours, all visitors must sign in at the school's office with a valid state issued identification to be scanned through the Raptor Security System and wear an identification sticker while on school grounds. They must then check out at the school office upon exit from the school site.

### School Site Safety Plan

The Comprehensive School Site Safety Plan was developed for Carrillo Ranch Elementary School in collaboration with local agencies and the district office to fulfill Senate Bill 187 requirements. Components of this plan include child abuse reporting procedures, teacher notification of dangerous pupil procedures, disaster response procedures, procedures for safe arrival and departure from school, sexual harassment policy, and dress code policy. The school's most recent school safety plan will be reviewed, updated, and discussed with school staff by March 1, 2023.

## Classroom Environment

### Discipline & Climate for Learning

Carrillo Ranch Elementary School's discipline practices and behavior management strategies comply with approved board policies and are designed to create effective learning environments and minimize classroom disruptions. Positive behavioral intervention supports are utilized schoolwide for all students to understand school rules and to reward those demonstrating positive behavior. Disciplinary intervention is managed by school administrators in a fair and consistent manner based upon the nature of each situation.

Note: The 2019-2020 suspensions and expulsions rate data are not comparable to prior year data because the 2019-2020 school year is a partial school year due to the COVID-19 crisis. As such, it would be inappropriate to make any comparisons in rates of suspensions and expulsions in the 2019-2020 school year compared to other school years.

Data collected during the 2020-2021 school year may not be comparable to earlier years of this collection due to differences in learning mode instruction in response to the COVID-19 pandemic

### Instructional Materials

All textbooks used in the core curriculum at Carrillo Ranch Elementary School are aligned to the California Content Standards and Frameworks. Instructional materials are selected from the state's most recent list of standards-based materials and adopted by the State Board of Education. The district follows the State Board of Education's eight-year adoption cycle for core content materials (English/language arts, math, science, and social science).

On Tuesday, September 20, 2022, the Desert Sands Unified School District's Board of Education held a public hearing to certify the extent to which textbooks and instructional materials have been provided to students. The Board of Education adopted Resolution No. 15/2022-2023 which certifies as required by Education Code §60119 (1) that textbooks and instructional materials were provided to all students, including English learners, in the district to the extent that each pupil has a textbook or instructional materials, or both, to use in class and to take home, and (2) sufficient textbooks and instructional materials were provided to each student, including English learners, that are aligned to the academic content standards and consistent with the cycles and content of the curriculum frameworks in math, science, history-social science, and English/language arts.

In addition to core subject areas, districts are required to disclose in their SARCs the sufficiency of instructional materials used for their visual/performing arts curricula. During the 2022-23 school year, Desert Sands Unified School District provided each student, including English learners, enrolled in a visual/performing arts class with a textbook or instructional materials to use in class and to take home. These materials complied with the state's content standards and curriculum frameworks.
