## Purpose and Description

Briefly describe the purpose of this plan (Select from Schoolwide Program, Comprehensive Support and Improvement, Targeted Support and Improvement, or Additional Targeted Support and Improvement)

Schoolwide Program  
Additional Targeted Support and Improvement

Briefly describe the school's plan for effectively meeting the ESSA requirements in alignment with the Local Control and Accountability Plan and other federal, state, and local programs.

This School Plan is aligned with the District's Local Control and Accountability Plan through collaboration with the District in examining state and local data as part of a comprehensive needs assessment. Throughout this process, we developed goals, measurable outcomes, strategies, actions, and services that are aligned with those of the district while providing supplemental services that support improved performance for high-needs students, and developing a system for monitoring and evaluating the efficacy of the plan in achieving its goals for the 23-24 school year.

## 2020-23 Plan Summary

### The Story

Describe the students and community and how the school serves them.

Located in Indio, California, Desert Ridge Academy serves the socioeconomically and ethnically diverse populations from Indio in grades 6-8. According to the California Dashboard, the school's fall 2022 enrollment was 998 of which 88.1% are Hispanic, 6.9% are white, .8% are African American, and 2.28% are of other ethnicities.

Desert Ridge Academy has an unduplicated population; 33.1% are English Learners, 81.7% qualify for free or reduced-price meals, 0.1% are Foster Youth, and 12.5% are students with Individual Education Plans (IEPs).

Desert Ridge Academy has programs focused on rigor and engagement, prioritized to meet the student needs of those whose educational journeys are more challenged by language and/or economic barriers.

Professional development continues to focus on AVID strategies school-wide, a Multi-tiered System of Support (MTSS), and creating a cohesive and unified Professional Learning Community. Identified through multiple data measures, we plan to continue building positive relationships among teachers, students, staff, parents, and the community in order to improve our students' overall learning environment.

Desert Ridge Academy's (DRA's) mission is to foster high expectations in social, emotional, and academic development, by providing a safe and rigorous 21st-century learning environment and by leading the way with Accountability, Integrity, and Respect. We are accomplishing our mission by creating a robust Multi-tiered System of Support (MTSS) that focuses on three areas in order to meet the needs of the whole child: academics, social-emotional, and behavior. We are a community where ALL means ALL- All adults (faculty, staff, families, and community members) work together in a supportive and collaborative manner in order to meet the needs of all students.

## SPSA Highlights

Identify and briefly summarize the key features of this year's SPSA.

The actions and strategies within our 2022-2023 SPSA support grades 6-8 in an effort to increase rigor, relevance, and relationships in order to engage our students. We are accomplishing our mission by creating a robust Multi-tiered System of Support (MTSS) that focuses on three areas in order to meet the needs of the whole child: academics, social-emotional, and behavior.

### Academics

For the Academics component, we concentrated on strengthening our AVID program and our Professional Learning Team's (PLT's) processes. DRA is an AVID Site of Distinction, an honor awarded to fewer than five percent of schools nationwide. The recognition takes note of schools that create systems of support and a college-going atmosphere. DRA offers AVID Excel, specifically designed for English language learners.

Desert Ridge Academy has an integrated program that inspires students to explore multiple college and career options in preparation for high school and beyond while achieving academic success. Our faculty and support staff are highly trained professionals that have continuous professional development in Common Core standards, Advancement Via Individual Determination (AVID) curriculum, English Language Development (ELD), Gifted and Talented Education (GATE) services, Special Education services, and technology development. In addition to offering a rigorous curriculum and integrating Common Core strategies, we provide students with opportunities to grow beyond the classroom: tutoring during and after school, after-school sports, over 20 different clubs, and After School Education and Safety (ASES).

### Social-Emotional Learning (SEL)

For the Social-Emotional component, we focused on character development education and creating a schoolwide TIER 1 and TIER 2 system of support for our student's social-emotional needs that included a strong counseling program. DRA Leads the Way class will offer character development and SEL lessons throughout the year.

### Behavior

For the behavior component, we restructured our intervention room in order to instruct and redirect students' behavior through the CAIR Center, which stands for Compassion, Accountability, Integrity, and Respect. DRA has been recognized as a Silver Positive Behavioral Intervention and Supports (PBIS) School. The California PBIS Coalition initiated the statewide recognition system to acknowledge schools for implementing PBIS with fidelity. Among other strategies, DRA is proud to utilize the PBIS reward program; a point-based management system with a multi-device platform that makes it easy to continuously recognize students for meeting behavior expectations from anywhere in the school.

DRA provides a warm, stimulating environment where students are actively involved in learning academics as well as positive values.

## Needs Assessment -- Review of Performance

Based on a review of performance on the state indicators and local performance indicators included in the California School Dashboard, progress toward SPSA goals, local self-assessment tools, stakeholder input, or other information, what progress is the school proudest of, and how does the school plan to maintain or build upon that success? This may include identifying any specific examples of how past increases or improvements in services for student groups, including low-income students, English learners, homeless youth, and foster youth have led to improved performance for these students.

### Greatest Progress

Based on a review of performance on the state indicators and local performance indicators included in the California School Dashboard, progress toward SPSA goals, local self-assessment tools, stakeholder input, or other information, of what progress is the school proudest, and how does the school plan to maintain or build upon that success? This may include identifying any specific examples of how past increases or improvements in services for student groups, including low-income students, English learners, homeless youth, and foster youth have led to improved performance for these students

#### Student Reclassification:

In the 2022-2023 school year, there have been 47 students who have been reclassified. There are 5 (6th-grade students), 12 (7th-grade), and 30 (8th-grade). This is a significant increase from the 11.6% to 16.4% reclassification rate from the 21-22 to the 22-23 school year.

#### Attendance:

The attendance rate has increased from the 2021-2022 school year from 89.63% to 90.49% significantly in the last three years due to the pandemic. Our attendance rate pre-pandemic was up in the high 90's percentile, whereas now, we are down to 89.63% and 8,486 uncleared absences.

#### Student Panorama-Skill and Competency 2023

As per the student panorama survey, there was an increase in the skills and competency areas: Self Management 4%, Social Awareness 2%, Grit 2%, Growth Mindset 2%, and Self-Efficacy 1%

The greatest area of growth within the Self-Management strand was students coming to class prepared. It was a 74% response favorable which is a 7% increase from last year. The second area of the greatest growth were students following directions in class which was an increase from 75% (2022) to 81%(2023) student responded favorably to the increase from 75% to 81%.

#### Teacher Panorama 2023

As per the teacher panorama survey, there was an increase in four of the five areas: Staff-Leadership relationship 71% (19% increase), Teacher efficacy 63% (4% percent Increase), School Climate 44% (10% increase, and Staff-Family Relationship 39% (13% increase).

#### Suspension Rates

According to the California Dashboard, the suspension rates have declined from the same time last year.

22/23 CA Dashboard Suspension 4.2%

21/22 CA Dashboard Suspension Rate 5.2%

20/21 CA Dashboard Suspension Rate .7% ( Distance and Hybrid Learning )

19/20 CA Dashboard Suspension Rate 5% ( Abrupt closure due to pandemic)

18/19 CA Dashboard Suspension 8.7%

#### IReady Data ELA

Our School goal for the 22-23 school year is to improve the number of students scoring at early on or mid/above grade level by 10% of the iReady ELA assessment by Spring 2023. In 6th Grade ELA they have increased their IReady scores (at early on or mid/above grade level) by 18%, 7th Grade ELA they have increased their IReady scores (at early on or mid/above grade level) by 9%, 8th Grade ELA they have increased their IReady scores (at early on or mid/above grade level) by 11%,

#### IReady Data Math

Our School goal for the 22-23 school year is to improve the number of students scoring at early on or mid/above grade level by 10% of the iReady math assessment by Spring 2023. In 6th Grade Math, they have increased their IReady scores (at early on or mid/above grade level) by 23%, 7th Grade Math they have increased their IReady scores (at early on or mid/above grade level) by 14%, 8th Grade Math they have increased their IReady scores (at early on or mid/above grade level) by 14%,

We have met and exceeded our 2022-2023 school year goals in both Iready ELA and Math.

## Greatest Needs

Referring to the California School Dashboard, identify any state indicator or local performance indicator for which overall performance was in the “Red” or “Orange” performance category. Additionally, identify any areas that the school has determined need significant improvement based on review of state indicators, local performance indicators or other local indicators. What steps is the school planning to take to address these areas with the greatest need for improvement?

Student Panorama 2023: As per the student panorama survey, there was a decrease in the support and environment areas: School Safety 45% (4% decrease from last year), teacher-student relationships 42% (1% decrease from last year), School Climate 33% (4% decrease from last year), Sense of Belonging 32% (4% decrease from last year), and Engagement 21% (4% decrease from last year).

Staff Panorama 2023: As per the staff panorama survey, there was a decrease in the following areas: Belonging 62% (12% decrease), Staff-Leadership Relationship 57% (20% decrease), School Climate 47% (30% decrease), and Staff-Family Relationship 46% (13% decrease).

The greatest area of growth within the Self-Management strand was students coming to class prepared. It was a 74% response favorable which is a 7% increase from last year. The second area of the greatest growth was students following directions in class which was an increase from 75% (2022) to 81% (2023) Students responded favorably which is an increase from 75% to 81%.

#### CAASSP Scores

ELA: The 2021-2022 CASSPP has declined from the 2018-2019 (prior to the pandemic) state testing in both ELA and Math. The overall ELA assessment results are 49.9 below standards, English Learners are 72.6 points below standards, students with disabilities are 195.5 points below standard, and socioeconomically disadvantaged are 128 below standard.

Math: The 2021-2022 CASSPP has declined from the 2018-2019 state testing in both ELA and Math. The overall Math assessment results are 116.8 below standards, English Learners are 139.5 points below standards, and students with disabilities are 128 points below standard.

Student Grades: We remain concerned with the number of students earning Ds and/or Fs. There has been an increase in ELA, Math, and Science from the 2021-2022 school year to the 2022-2023 school year. In reviewing our SPED students there is a much lower D and F percent in core subject summaries in ELA, Math, and Science than the overall average. However, our EL students D and F in the core subject are significantly higher, ELA 41.11%, Math 44.95%, Science 40.02%, and Social Studies 46.8%

Steps to improve the academic needs of all students is to monitor student data closely and regularly through different teams. This information will be used to identify students who need additional support by adjusting classroom instruction, providing high-quality corrective instruction, and/or intervention classes. Teachers will monitor progress by using the data during Professional Learning Team (PLT) time and release day as part of the ongoing cycle of improvement. They will work along with Special Education teachers and the ELD team to ensure all student's needs are being met. Next year, core teachers will have common preps and extra duty hours to meet as a group to review student data to develop smart goals.

Desert Ridge Academy will continue to reduce suspensions and improve the school climate through a training curriculum based on a multi-tiered system of support (MTSS). This student support framework focuses on addressing students' social-emotional, behavioral, and academic needs through a variety of educational interventions. Desert Ridge Academy CAIR/Intervention room is an alternative to suspension with the focus of keeping students in school and providing systems of support to address their behavioral, social-emotional, and academic needs.

In an effort to support student SEL needs, we will be providing character instruction via our brand new DRA Leads the Way class that will take place every other Thursday via PE. The purpose of this project is to provide our students with important skills necessary to succeed in their current environment, college, career, and real life. Each week will be designed to present to our students a variety of curricula and strategies that will help them be successful in all environments. Financial literacy is an integral component of the class in which students will learn the importance of financial responsibility, money management, and smart decision-making to ensure overall financial well-being. In addition, we will integrate other resources and curriculums into our yearly lesson plans such as Panorama Playbook lessons, AVID Strategies, PBIS World, Common Sense Media, and District Attorney Presentations.

## Performance Gaps

Referring to the California School Dashboard, identify any state indicator for which performance for any student group was two or more performance levels below the "all student" performance. Additionally, identify any areas in which the school has determined there are significant performance gaps based on review of local performance indicators or other local indicators. What steps is the school planning to take to address these performance gaps?

Our greatest performance gaps involve our students with disabilities and our English language learners: Based on our CAASPP scores, student grades, attendance, suspension rates, and Iready ELA Data Diagnostic, our ELL and SPED students have made some gains from the fall to winter. However, there is still a significant academic gap between our ELL and/or SPED students as compared to the overall average.

IReady ELA SPED and ELA

6th-grade students

SPED Students: In the fall, 2% of SPED scored on level/above level, and in the spring 5% percent increase, a total of 7% scored on level/above level.

EL Students: In the fall, 3% of EL students scored on level/above level, and in the spring 9% percent increase, a total of 12% scored on level/above level.

Overall Scores: In the fall, 20% percent of students scored on level/above level and in the spring 18% percent increase, a total of 38% scored on level/above level.

7th Grade Students:

SPED Students: In the fall, 0% of the SPED students scored on level/above grade level, and in the spring 6% increase, a total of 6% scored on level/above level.

EL Students: In the fall, 1% of EL students scored on level/above level, and in the spring 10% percent increase, a total of 11% scored on level/above level.

Overall Score: In the fall, 22% percent of students scored on level/above level and in the spring 10% percent increase, a total of 32% scored on level/above level.

#### 8th Grade Students

SPED Students: In the fall, 0% of the SPED students scored on level/above grade level, and in the spring 3% increase, a total of 3% scored on level/above level.

ELD Students: In the fall, 1% of EL students scored on level/above level, and in the spring 2% percent increase, a total of 3% scored on level/above level.

Overall Score: In the fall, 23% percent of students scored on level/above level, and in the spring 11% percent increase, a total of 34% scored on level/above level.

#### MATH SPED AND EL IREADY

##### 6th-grade students

SPED Students: In the fall, 0% of SPED students scored on level/above level and in the spring 7% percent increase, a total of 7% scored on level/above level.

EL Students: In the fall, 0% of EL students of students scored level/above level, and in the spring 7% percent increase, a total of 7% scored on level/above level.

Overall Scores: In the fall, 9% percent of students scored on level/above level and in the spring 21% percent increase, a total of 30% scored on level/above level.

##### 7th Grade Students:

SPED Students: In the fall, 0% of the SPED students scored on level/above grade level, and in the spring 0% increased, a total of 0% scored on level/above level.

EL Students: In the fall, 0% of EL students scored on level/above level and in the spring 5% percent increase, a total of 5% scored on level/above level.

Overall Score: In the fall, 11% percent of students scored on level/above level and in the spring 19% percent increase, a total of 30% scored on level/above level.

##### 8th Grade Students

ELD Students: In the fall, 0% of EL students scored on level/above level, and in the spring 0% percent increase, a total of 0% scored on level/above level

Overall Score: In the fall the overall score was 11% percent of students scored on level/above level and in the spring 15% percent increase, a total of 26% scored on level/above level.

Attendance: The attendance rate for the general ed population is 90.63%, EL students 87.79%, and SPED is 88.60%

Suspension Rates: Suspension rates for the general ed population are 4.2%, SPED is 8.9%, and EL students is 5.8%.

#### Grades D & F:

Overall ELA: 25.96%

SPED ELA: 33.3%

EL ELA: 41.36%

Overall Math: 26.77%  
SPED MATH: 35.01%  
ELA Math: 44.82%

Overall Science: 23.62%  
SPED Science: 39.71%  
EL Science: 40.49%

Steps to improve the academic gaps of our EL and Special Ed students is to monitor student data closely and regularly through different teams. The master schedule will incorporate common prep times for teacher collaboration to analyze data and create SMART goals. In addition, we will strengthen the coteaching through ongoing professional development and during SAST time.

All Teachers will monitor progress by using the data during Professional Learning Team (PLT) time and release day as part of the ongoing cycle of improvement. They will work along with Special Education teachers and the ELD team to ensure all student's needs are being met. In addition, we plan to hire intervention specialists to support core classroom instruction and provide high-quality corrective instruction, and small groups.

Desert Ridge Academy will continue to reduce suspensions and improve the school climate through a training curriculum based on a multi-tiered system of support (MTSS). This student support framework focuses on addressing students' social-emotional, behavioral, and academic needs through a variety of educational interventions. Desert Ridge Academy CAIR/Intervention room is an alternative to suspension with the focus of keeping students in school and providing systems of support to address their behavioral, social-emotional, and academic needs.

## Resource Inequities

Briefly identify and describe any resource inequities identified as a result of the required needs assessment, as applicable.

One of the resource inequities identified has been the inability to support students' linguistic needs. Although the mentorship and tutoring program were initiated to meet this inequity, the resource is not enough to meet and support all of our EL students.

# Need Assessment - Educational Partner Involvement

SPSA Year: **2023-24**

## Involvement Process for the SPSA and Annual Evaluation

How, when, and with whom did the school consult as part of the planning process for this SPSA development, evaluation, and analysis? (e.g., SSC and/or ELAC elections, trainings, meeting dates, etc., aligned to agendas and minutes)

School Site Council (SSC) election date and results were held on September 2022. School Site Council Members

Erasmus Garcia (Principal), Meredith Greenwood AP), Karen Flaherty (teacher), Heba Fangary (teacher), Crystal Acton (teacher), Linda Martin (teacher), Jan Diaz (parent), Edna Barragan (parent), Heather Briseno (parent), Esther Bricen (parent), Yesenia Gonzalez (parent), Allie Arias (student).

September 27, 2022:

SSC training, the election of officers, first read of bylaws, and first, reading for Parental Involvement Policy (PIP).

October 18, 2022

Second reading and approval of the bylaws and the Parent Involvement Policy; DELAC Needs Assessment Results; DELAC/ELAC report.

November 29, 2022:

Student Intervention; review assessment data and current implementation and effectiveness of SPSA action; ELAC/DELAC report

February 21, 2023:

ELAC, and DELAC report. SPSA reading number one and discussion

March 21, 2023:

SPSA approval, ELAC, and DELAC report.

April 18, 2023

Reviewed and Finalized the SPSA

## Impact on the SPSA and the Annual Evaluation

How did these consultations impact the SPSA for the upcoming year?

Based on feedback from School Site Council and through a collaborative process during TRAC/Guiding Coalition the SPSA was created. The TRAC/Guiding Coalition team dissected each section of the SPSA to determine areas of growth and areas of need.

# Budget Summary

Complete the table below. Schools may include additional information. Adjust the table as needed. The Budget Summary is required for schools funded through the Consolidated Application (ConApp), and/or that receive funds from the LEA for Comprehensive Support and Improvement (CSI). Schools may include additional information or more detail, including graphics that are accessible to readers with disabilities.

Description	Amount
Total Title I Funds:	\$212,101
Total Centralized Services:	\$136,275
Total Supplemental Concentration Funds	\$199,006
Total Funds Budgeted for Strategies to Meet the Goals in the SPSA	\$411,107.00

## Supplemental Services

Identify each action or service for which the school will use federal categorical funds to provide supplemental services for eligible, at-risk students, including low-income students, English learners, homeless youth, foster youth, and others, as identified.

Supplemental services for at-risk students will be mainly invested in the implementation of MTSS II and further development of the CAIR Center/Intervention Room. MTSS II requires a team of people to analyze specific students' needs regularly in order to best meet their needs, and CAIR Center will require a teacher and one certificated specialist with teaching and counseling training and background to support the needs of our students that are at risk.

English Learners, homeless youth, and foster youth will benefit from the above-mentioned programs, in addition to one-on-one regular counselor/facilitator check-ins and goal setting.

The Mentorship and tutoring program will continue specifically to meet the needs of our ELLs.

Grade 6	310	317	343
Grade 7	330	348	348
Grade 8	419	333	339
<b>Total Enrollment</b>	1,059	998	1,030

### Conclusions based on this data:

1. We had 32 more students at the 22-23 school year than the 21-22 school year.
2. 86.6 percent of student enrollment consists of Hispanic/Latino students.
3. The enrollment of the Hispanic/Latino student group has remained consistent over the last three years of school enrollment.

# School and Student Performance Data

## Student Enrollment English Learner (EL) Enrollment

English Learner (EL) Enrollment						
Student Group	Number of Students			Percent of Students		
	20-21	21-22	22-23	20-21	21-22	22-23
English Learners	296	330	254	28.00%	33.1%	24.7%
Fluent English Proficient (FEP)	188	144	197	17.80%	14.4%	19.1%
Reclassified Fluent English Proficient (RFEP)	25			8.4%		

### Conclusions based on this data:

1. DRA has reclassified a high percentage of students at the end of the 21-22 and at the beginning of 22-23 school year. This reflects in the EL enrollment for the 22-23 school year
2. Almost 25% of student enrollment comprises English Learners. The enrollment of English Learners has decreased due to an increase in reclassified students.

**Conclusions based on this data:**

1. Based on the last CAASPP test scores -there's an increase in the percentage of students who scored "below grade level standard."
2. The overall achievement in ELA for all students, where standards are not met, is approximately the same for 6th, 7th, and 8th grade.
3. CAASPP Writing scores in ELA, the highest percentage of students who have not met the standards is observed across all three grades: 6th, 7th, and 8th.

2. Area of Strength: Speaking for 6th, 7th, and 8th has the highest number of students that have scored well developed.

# School and Student Performance Data

## Student Population

For the past two years, many state and federal accountability requirements were waived or adjusted due to the impact of the COVID-19 pandemic on LEAs, schools, and students. Beginning with the 2021-22 school year, the requirements to hold schools and districts accountable for student outcomes has returned with the release of the 2022 California School Dashboard (Dashboard). The Every Student Succeeds Act is requiring all states to determine schools eligible for support. Similarly, under state law, Assembly Bill (AB) 130, which was signed into law in 2021, mandates the return of the Dashboard using only current year performance data to determine LEAs for support. Therefore, to meet this state requirement, only the 2021-22 school year data will be reported on the 2022 Dashboard for state indicators. (Data for Change [or the difference from prior year] and performance colors will not be reported.)

This section provides information about the school's student population.

**Conclusions based on this data:**

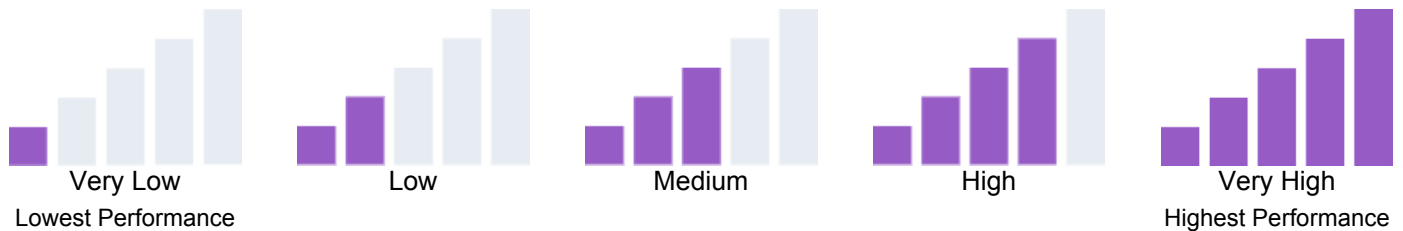

1. We have high student population in the following areas: EL population 33.1, and 81.7 Students with Disabilities, and SED population.
2. The majority of the student population ( 81.7%) is socioeconomically disadvantaged.
3. The foster youth student population represents less than 1% of the total student population.

## Overall Performance

Due to the COVID-19 pandemic, state law allows the 2022 Dashboard to only display the most current year of data (also known as Status). For this year only, performance levels will be reported using one of five Status levels (ranging from Very High, High, Medium, Low, and Very Low) for state measures. Please note that the Status levels associated with the Chronic Absenteeism and Suspension Rate Indicators are reversed (ranging from Very Low, Low, Medium, High, and Very High). Information regarding this year's Dashboard data is available within the [Dashboard Communications Toolkit](#).

Because performance on state measures is based on current year (i.e., 2021-22) results only for the 2022 Dashboard, the color dials have been replaced with one of five Status levels (ranging from Very High, High, Medium, Low, and Very Low).

### 2022 Fall Dashboard Overall Performance for All Students

#### Conclusions based on this data:

1. Suspension Rate decreased from the 2021-2022 school year.
2. Chronic absenteeism remain very high.

3. Based on the fall 2022 dashboard, the overall performance of all students in math reflects the lowest academic performance.

Current English Learner	Reclassified English Learners	English Only
105.4 points below standard 262 Students	1.2 points below standard 120 Students	39.5 points below standard 481 Students

**Conclusions based on this data:**

1. There is an academic gap in ELA scores between "all students," socioeconomically disadvantaged (SED) students, special education (Special Ed) students, and English Learner (EL) students. The area of focus for the 23-24 school year is to close the achievement gap for all student groups.
2. According to the 2022 Dashboard ELA Data Comparison, the majority of English Learners scored below the standards when compared to the English-only student group.
3. According to the 2022 Dashboard ELA Data Comparison, students with disabilities continue to have the lowest ELA performance among the student groups.

## Evaluation

Complete a copy of the following table for each of the school's goals from the prior year SPSA. Duplicate the table as needed. Use actual annual measurable outcome data, including performance data from the California School Dashboard, as applicable.

Describe your evaluation of the level of implementation of each action/service to achieve the articulated goal.

Each action item in Goal 1 was well implemented. This goal concentrated in five different areas: MTSS, Collaboration, instructional support via professional development or coaching, Instructional materials, student interventions and supports during the school day were implemented as well.

Describe your evaluation of the effectiveness (Did it work?) of each action/service to achieve the articulated goal as measured by the school.

The effectiveness of each action in this goal was rated from some to high impact. Data shows the progress we were able to make this year and the commitment to each of the actions. However, the data shows that the focus needs to be on academics and closing the achievement gap for all student groups (EL students, SPED, etc..).

Explain material differences between Budgeted Expenditures for Categorical Funds and Estimated Actual Expenditures.

Most of Goal 1 actions items for supplemental concentration and title 1 have been spent. Currently, there are requisitions and/or POs and PSAFs that are not reflected in the SPSA Estimated Actual Expenditures. The money for each action has been spent to appropriately address student and community needs to ensure opportunities and outcomes are improved for ALL students

Based on this evaluation, an analysis of the California School Dashboard, and the school's needs assessment, describe any changes made to this goal, to the expected outcomes, the metrics, or the actions and services to achieve this goal. Identify where those changes can be found in the SPSA.

Based on the data and review of each action item, we decided to change a few of Goal 1 actions, mainly to consolidate or remove the ones that had similar purposes. Also, there were some changes to some of the existing action items verbiage to address the needs of the school. This decision was made in an effort to streamline the support and ensure proper monitoring of each action in order to follow the continuous improvement cycle.

# Programs Included in this Plan

Enter the appropriate choice below for each state and federal program in which the school participates. Enter the amounts allocated for each program in which the school participates and, if applicable, indicate that the program's funds are being consolidated as part of operating a schoolwide program (SWP). The plan must describe the activities to be conducted at the school for each of the state and federal programs in which the school participates. The totals on these pages should match the cost estimates in the SPSA and the school's allocation from the ConApp.

Note: For many of the funding sources listed below, school districts may be exercising Categorical Program Provisions options (flexibility) with information available at <http://www.cde.ca.gov/fg/ac/co/documents/sbx34budgetflex.doc>  
**Of the four following options, please select the one that describes this school site.**

Select from: This site operates a SWP but does not consolidate its funds as part of operating a SWP.

**Federal Programs --** From the following options, please enter those from which the school receives funding. Include the allocation amount, and enter "yes" or "no" if the program is consolidated as part of the schoolwide program.

<p><b>Title I, Part A: Allocation Purpose:</b> To improve basic programs operated by local educational agencies (LEAs).  <b>Title I, Part A: Parental Involvement</b> (if applicable under Section 1118[a][3][c] of the Elementary and Secondary Education Act) Purpose: Ensure that parents have information they need to make well-informed choices for their children, more effectively share responsibility with their children's schools, and help schools develop effective and successful academic programs. (This is a reservation from the total Title I, Part A allocation).  <b>Title II, Part A: Improving Teacher Quality Purpose:</b> Improve and increase the number of highly qualified teachers and principals.  <b>Title III, Part A: Language Instruction for Limited-English-Proficient (LEP) Students Purpose:</b> Supplement language instruction to help LEP students attain English proficiency and meet academic performance standards. (Title III funds may not be consolidated as part of a SWP )  <b>Title VI, Part B: Rural Education Achievement Program Purpose:</b> Provide flexibility in the use of ESEA funds to eligible LEAs.  <b>For School Improvement Schools only: School Improvement Grant (SIG) Purpose:</b> to address the needs of schools in improvement, corrective action, and restructuring to improve student achievement.  <b>Other federal funds</b> (list and describe). Create a new row for each separate program.</p>
---

Title III funds are not a school level allocation even if allocated by the district to a school site. The LEA is responsible for fiscal reporting and monitoring and cannot delegate their authority to a site at which the program is being implemented. If Title III funds are spent at a school site, they must be used only for the purposes of Title III and for those students the LEA has identified for services. For more information, please contact the Language Policy and Leadership Office at 916-319-0845.
